7 CENTS

SEIZED IN JAIL RIOT — Denver Municipal Court Officer Leroy Harris, right, leads Donald Zorenz, 24, confessed slayer of a Denver policeman, out of a cellblock after a riot last night in Denver county jail. Warden David Kiebach said Zorenz possibly was one of the ringleaders in the outbreak by 70 prisoners. Four guards were injured. (AP Photos)

Tear Gas Used To Foil Break Effort By Colorado Felons

DENVER (AP) — Seventy prisoners, at least one of them a confessed murderer, made a desperate but vain bid to escape from the Denver County jail late Thursday.

More than 100 officers, armed with submachineguns, riot shotguns, tear gas and football helmets, quelled the uprising in little more than two hours.

Four guards suffered cuts and bruises. None were believed seriously injured. The prisoners were uninjured and suffered only from heavy doses of tear gas.

The end came when the last of some 25 prisoners who had holed up in a penthouse atop the jail's maximum security block apparently retreated through the same small hole they had cut to gain entrance during the riot's early confusion.

The men who took refuge in the brick enclosure housing the jail's air-conditioning system and those who stubbornly held out in the cell block were a shouting, howling mass of humanity. They protested what they termed brutal treatment from guards.

Guards discovered the hole in the cell block ceiling leading to the penthouse shortly after the riot broke out. As darkness closed in.

Dulles Plans Taipei Trip

WASHINGTON (AP)—Secretary of State Dulles plans to make a quick flying visit to Formosa next week for talks with Generalissimo Chiang Kai-shek of Nationalist China.

Informants who reported this today said Dulles probably will fly to Taipei from Rome where he is to attend memorial services for the late Pope Pius XII.

Dulles' visit would follow talks by Secretary of Defense McElroy with Chiang. McElroy was reported discussing a formula for easing the Quemoy crisis, possibly including withdrawal of some of Chiang's 85,000-man garrison from the island.

Lindsay Crosby Pays Drunken Driving Fine

SANTA MONICA, Calif. (AP)—Drunk driving cost Bing Crosby's son Lindsay, 20, a \$263 fine. Young Crosby withdrew a plea of innocent Thursday and pleaded guilty. His car hit a parked vehicle last Sept. 11.

Pretzels Out Of Saloons, Boosted As Reducing Aid

PHILADELPHIA (AP)—The latest twist in the pretzel industry is the push to get the pretzel out of the saloon—the saloon—the reducing salon, that is.

"The pretzel is a low calorie, high protein diet item," said Donald McCollough, Lancaster, Pa., pretzel maker today. "Wonderful way to fill your stomach without adding pounds."

"Let's face it. In the old days, the pretzel was strictly for beer drinkers. It's no longer a barroom item. It's a family snack."

Why, around Lancaster, doctors prescribe pretzels and ginger ale for babies with upset stomachs. McCollough was elected to a

Copter Picks Up 4 In Antarctic Area

CHRISTCHURCH, New Zealand (UPI) — A helicopter today rescued four of the seven survivors of the C124 Globemaster which crashed on the Antarctic icecap Thursday and killed six men, reports reaching here said.

A ground rescue party continued to struggle across the almost impassable terrain and reported it was seven miles from the plane. The party reported it had lost two of its three weasel ice vehicles in ice crevasses.

The rescued men were flown to the joint U.S.-New Zealand scientific station at Cape Hallett, 30 miles from the crash scene. One of the men, identified as Airman 2C Joel Bailey of Belton, S.C., was reported injured seriously.

Reports from Hallett said the Globemaster's flight surgeon, Capt. James J. Quattlebaum of Columbia, S.C., was injured but in fair condition. The other two rescued men suffered minor injuries.

The four-engine troop transport from Donaldson Air Force Base, S.C., crashed while shuttling supplies as part of operation Deep Freeze, the Antarctic phase of the International Geophysical Year project.

At Donaldson Air Force Base, officials listed the Globemaster crew as:

Dead: T-Sgt. Nathaniel Wallace of Greenville, S.C.; T-Sgt. Imam A. Fendley, Greenville, S.C. and Sgt. Robert L. Burnett of Lousburg, N.C., all passengers; and crew members, S-Sgt. Leonard M. Pitkevitch, Lawrence, Mass.; Airman 1C Richard De Angelo, Pittsfield, Mass.; and Airman 2C Kelly Stone of Garner, Ky.

Injured: Bailey, Quattlebaum; Maj. George W. Bone, Jr., Capt. Billy G. Weir, and Lt. Charles R. Evenden, all of Greenville, S.C.; Lt. Raymond F. Potter Jr., Latrobe, Pa.; and S-Sgt. William Meadows of Greenville.

Strike Cancels Capital Flights

WASHINGTON (UPI) — Capital Airlines suspended operations today after operating most flights for 24 hours following a strike by its mechanics.

Capital — the nation's 5th largest commercial carrier — normally carries 13,000 passengers a day on some 730 flights to 77 cities east of the Mississippi.

A Capital spokesman said 38 planes were in the air at midnight, the deadline for takeoffs.

Grains Open Steady

CHICAGO (AP)—Grain futures opened about steady on the Board of Trade today. Most deliveries were up fractions in early transactions.

McCollough figures there's going to be a boom in pretzels if they catch on with folks trying to reduce.

"It's a hundred million dollar a year business," he said. "But it'll be up to between three and five hundred million dollars in the next five years. Why, business has increased 25 per cent in the last five years."

Pretzel makers are trying to get hotels to put pretzels on their dining room tables, next to the bread and cracker baskets.

Ike Departs On Trip For Aiding GOP

Mamie Goes Along On Campaign Swing To Last Six Days

WASHINGTON (AP)—President Eisenhower left today on a flying six-day trip to the West Coast to put pep into his party's drive to recapture control of Congress.

His plane, the Columbine III took off at 9:20 a. m. (EDT). The President starts his first 1958 campaign swing with a speech in Cedar Rapids, Iowa, today.

Then he will visit Kansas and Colorado before going on to the coast for speeches in the vital California campaign. He appears Monday and Tuesday in Los Angeles and San Francisco.

Will End In Chicago

The concluding speech of the presidential tour will come Wednesday night in Chicago. In advance of his own tour Eisenhower sent word to Vice President Nixon to keep on hammering away at Democratic attacks on administration handling of foreign policy.

Mrs. Eisenhower accompanied the President. She wore a blue dress and blue hat and carried a fur coat on her arm. The campaigning chief executive was dressed in a gray suit, gray hat, and blue tie.

The President forgot to duck and bumped his head as he entered the plane from the ramp. The collision knocked his hat askew but apparently did not hurt him.

The Columbine III was due in Cedar Rapids at about 3 1/2 hours, or at 10:45 a. m. (CST).

At Cedar Rapids, in the heart of the farm belt, Eisenhower planned an informal talk at the National Corn Picking Contest.

Mrs. Eisenhower, making part of the tour with the President, will visit the Cedar Rapids school where she attended kindergarten. From Cedar Rapids, the President and his wife travel to Abilene, Kan., for an overnight stay in the town of his boyhood. No formal speeches are scheduled there.

The Eisenhowers will spend Saturday and Sunday in Denver visiting with the First Lady's ailing mother, Mrs. John S. Doud. Mrs. Eisenhower will stay on for a time after the President leaves.

Except for a brief airport speech during the 1956 campaign, it will be Eisenhower's first visit to the Colorado capital since he suffered a heart attack at his mother-in-law's home Sept. 24, 1955.

Two Days In California

The major battleground of Eisenhower's campaign tour is California. He will be there Monday and Tuesday, with major speech (Continued on Page 2; Col. 5)

Airmen Bodies Flown Back To U. S. From Reich

WIESBADEN, Germany (AP)—The bodies of six U.S. airmen killed when their plane crashed in Soviet Armenia are being flown to America for identification.

The bodies have been in Wiesbaden since the Soviet Union handed them over Sept. 24. Failure to establish identities by now indicated they were burned beyond recognition when the C130 Hercules transport plane crashed and burned.

The unarmored plane carrying 17 airmen was flying over Turkey when Soviet fighters forced it across the Soviet border, the U.S. government has said. The fate of the other 11 men has never been revealed by Moscow.

Some of the Washington experts, it was learned, believe the country will achieve a record production rate in the neighborhood of 450 billion dollars annually in this final quarter of the year.

They also foresee for this month another substantial drop in unemployment, comparable with the decline of nearly 600,000 in September. Weeks and other high government officials were understood to have brought to the weekend conference—from which reporters are barred—optimistic new appraisals of the economic outlook.

Pope's Coffin Returned For Last Masses

VATICAN CITY (AP) — The symbolic empty coffin of Pope Pius XII was returned today to the center of St. Peter's Basilica for a Requiem Mass beginning the last three days of mourning.

The coffin had been in the Chapel of the Choir since the late pontiff of the Roman Catholic Church was buried Monday in the grottoes beneath the basilica. It was moved from the chapel at one side of the huge church to a position before the Altar of the Cathedral Chair.

Marcello Cardinal Mimmi celebrated the Mass. He was assisted by four other cardinals—Gregory Peter Agagianian, Angelo Roncalli, Joseph Wendel and James Francis McIntyre; the latter the archbishop of Los Angeles.

The nine-day mourning will end Sunday when U.S. Secretary of State Dulles and other representatives of foreign governments will attend the Requiem Mass.

Dulles is scheduled to fly into Rome Saturday. Unconfirmed reports circulated in the Vatican that he might hurry to St. Peter's to attend the 10 a.m. Mass Saturday in a private capacity.

In London, flags were at half staff on public buildings as the official Solemn Requiem Mass for the Pope was celebrated at Westminster Cathedral. Queen Elizabeth was represented by the Duke of Norfolk, Britain's Earl marshal and premier duke, who is one of the country's leading Catholic laymen.

Boreman Named To Court Post

WASHINGTON (UPI)—President Eisenhower today named Herbert S. Boreman, now a federal district judge in West Virginia, to serve on the U.S. Court of Appeals for the Fourth Circuit.

Boreman, of Parkersburg, W. Va., will serve under a recess appointment announced by the White House today. The fourth circuit includes the states of Maryland, West Virginia, Virginia, North Carolina and South Carolina.

Methodist Sessions On Family Life Open

CHICAGO (UPI) — Some 3,000 Methodist parents and church workers opened the three-day 3rd National Methodist Conference on family life here today.

Delegates spotlighted the conference theme of "Faith, Freedom and the Family" by holding work group discussions on Christian standards, racial prejudice, social pressures, juvenile delinquency, the United Nations, interfaith marriage, preparation for marriage and worship.

Episcopal Church Leaders Defeat Integration Move

MIAMI BEACH, Fla. (AP)—An of racial discrimination" and to antisegregation statement by Episcopal bishops was shouldered aside Thursday night by rank-and-file churchmen.

The revolt was led by laymen and pastors from Virginia, where the denomination was founded in this country.

Joined by other members of the House of Deputies, at the church's triennial general convention, they voted on both by the 650-member House of Deputies and 190-man resolution which omits the bishops' call for an end to racial separation.

Warmup Due Next Monday

BALTIMORE (AP)—Five-day forecast: Temperatures will average near normal for the period. Cooler over the weekend, warmer on Monday and Tuesday, with chance of scattered showers Tuesday or Wednesday. Normal highs range from 62 to 66, and normal lows vary from the mid 30s in the mountains to 45-50 elsewhere.

Jet Airliner Blazes Trail Over Atlantic

BRUSSELS, Belgium (AP) — Pan American World Airways inaugurated American transatlantic jet passenger service today with a Baltimore-Brussels flight that averaged about 540 miles per hour.

The Boeing 707 jet airliner with its crew and 39 guest passengers landed here at 8:15 a.m. (2:15 a.m., EST), completing a 3,910-mile flight in 7 hours 15 minutes flying time.

Before its takeoff from Baltimore Thursday night, the 165-passenger plane was christened Jet Clipper America by Mrs. Dwight D. Eisenhower in a Washington ceremony.

The 707 has a rated cruising speed of 575 miles an hour, and Pan American officials had hoped the trip would take only about 6 hours 15 minutes. Local officials of the airline requested a later landing so the official greeters would not have to get up so early.

Pan American plans to inaugurate regular transatlantic jet service Oct. 26 and to begin daily service Nov. 17.

Basil L. Walters, executive editor of the Chicago Daily News, commented: "It was amazing to notice how easily the plane handles. We could hardly feel the takeoff and landing, and once in the air everything is so quiet on board. It is a great improvement over piston engine flying."

The passengers will stay here until Sunday.

Coal Production Shows Increase

WASHINGTON (UPI)—The National Coal Assn. reported today the nation's soft coal output last week rose to 8,520,000 tons.

The association said that total compared with 8,405,000 tons mined the week before and 8,883,000 tons in the same week last year.

So far this year, the nation's soft coal output totals 302,472,000 tons compared with 387,271,000 during the corresponding period of 1957.

Banfe Seeks New Record On Distance

Engine Runs Rough After His Takeoff From Japanese Port

By TA KISHII

TOKYO (AP)—A U.S. airline reported tonight it was unable to make radio contact with pilot Charles F. Banfe Jr. on his small plane flight from Tokyo toward the Aleutians en route to Miami, Fla.

Banfe left Tokyo at 7:31 a.m. (5:31 p.m., EST Thursday) and was reported 12 hours later near Shemya in the Aleutians. He previously had reported the engine of his small, single-engine plane was running rough.

A Northwest Orient Airlines spokesman said its facility at Shemya and one of its airliners in that area could not reach Banfe by radio.

No Trouble Seen

However, the spokesman said this did not necessarily mean Banfe was in trouble.

"It's possible we cannot reach him, or it's possible he can hear us, but we can't hear him," the spokesman said.

A Canadian airliner earlier reported contacting Banfe near Shemya. It said he reported he was on course, flying at 9,000 feet and expected to be over Shemya at 7:54 p.m. Japan Time (5:54 a.m. EST).

It said he made no mention of the rough running engine. He had made the rough engine report to a passing airliner 7 1/2 hours after takeoff. A rough engine often smooths out by itself in flight, and that report did not necessarily mean serious trouble.

The airliner could not determine his exact position. An hour earlier Banfe told another plane he was 840 miles northeast of Tokyo and his speed and the weather were better than expected.

Airmen in Tokyo estimated he would pass over Shemya, an emergency landing field for commercial planes in the Aleutians, well ahead of schedule if his engine didn't give too much trouble, and he stayed on course.

From Shemya the route crossed Fairbanks, Alaska; Winnipeg; Minneapolis; and Chicago.

Counting on tailwinds, the 39-year-old flier hoped to be in Miami Saturday evening with five gallons of gas to spare.

The existing record was set last Aug. 1 by Marion (Pat) Boling, (Continued on Page 2; Col. 4)

Reds Charge Air Invaded

MOSCOW (AP) — The Soviet Union again has charged U.S. planes with trespassing on Soviet territory for reconnaissance purposes, this time over the Bering Strait and eastern Siberia.

A note handed U.S. Ambassador Llewellyn Thompson Jr. Thursday charged an American military plane twice deliberately invaded Soviet air space near Ratamov (Big Diomed) Island in the Bering Strait Sept. 30.

Other flights over Kamchatka Peninsula, the Kurile Islands and in the area of Chukotsk Peninsula in July, August and September also were charged. The note said these were "premeditated invasion . . . for the purpose of reconnaissance."

Seven Reported Killed In Gulf Oil Rig Blaze

NEW ORLEANS (AP)—Fire roared from a burning oil rig in the Gulf of Mexico today, 24 hours after a series of explosions apparently took seven lives.

Scores of aircraft and boats continued to circle the flaming, shattered rig, searching for six men still missing in rough waters that destroyed two-thirds of the 60 miles south of New Orleans. Rig or drowned while fighting rough waters.

Fire fighters moved in to collapse sections of the platform still standing and cap oil lines feeding the blaze from six wells.

Twenty-one workers were rescued from the fiery rig area by boat and Coast Guard helicopters, and brought to New Orleans for hospital treatment.

The known fatality is T. P. Butler of Liberty, Miss. Missing are: E. A. Butler, of Liberty, a brother of T. P. Butler; Daniel J. Hogan, Harvey, La.; W. A. Simmons, Houston, Tex.; A. J. Johnson, Ellinger, Tex.; G. J. Kidd, Beaumont, Tex.; and B. H. Puyear, Livingston, Tex.

Rescue workers concluded that the missing men either lost their lives in the tremendous explosions.

Judge Asserts Jealous Hubby Needs Glasses

NORTH LITTLE ROCK, Ark. (AP)—Municipal Judge Milton McLees Thursday admonished a defendant to "wear your glasses more often and get better acquainted with your wife."

The judge's remark was addressed to Clay Jones, 53, who was tried for allegedly assaulting Mr. and Mrs. H. C. Gordon as the couple walked past Jones' house.

Jones testified that it was a case of mistaken identity.

He said he was not wearing his glasses and "couldn't see too well without them." He said he mistook Mrs. Gordon for Mrs. Jones and thought his wife was with another man.

Judge McLees fined Jones \$150.40. Jones appealed to circuit court.

NBC Cancels '21' TV Quiz Due To Probe

NEW YORK (AP)—The NBC television quiz show "21" was discontinued after Thursday night's performance, a victim of rigging charges by former contestants on several TV quiz programs.

It thus joined two other big-money giveaway programs in oblivion—Datto and The \$64,000 Challenge.

A spokesman for Pharmaceuticals, Inc., sponsor of "21," said the show's viewer rating had been falling steadily in the last five weeks. He said the company had concluded that the widespread quiz show probe was the reason for the waning interest.

Pharmaceuticals, Inc., said it will replace "21" with Concentration, an audience participation show that awards mostly merchandise prizes. The program—8:30 to 9 p.m., New York time, Thursdays—will have "21's" emcee, Jack Barry.

Concentration also will continue with its present daytime show, 11:30 a.m. to 12 noon, Monday through Friday. Hugh Downs will continue to emcee the daytime program.

The quiz show world was upset last August when Datto, carried by both NBC and CBS, suddenly left the air. Subsequently it was announced that charges had been made that answers on the show were rigged.

This resulted in a sweeping probe of all TV quiz programs, and is now in the hands of a grand jury here.

Mountbatten Says Boost In Far East Fleet Due

WASHINGTON (AP)—Lord Louis Mountbatten said Thursday that Britain's Far East fleet will be built up to include two carriers and a permanent landing force of Marine commandos.

The first sea lord, now visiting the United States, said also that a contract would be signed within a month to buy a complete nuclear propulsion unit for the first British atomic-powered submarine.

Mountbatten made these disclosures during an informal conversation with American reporters. Mountbatten and the British officials present stipulated that the session was for "background" only and "not a news conference."

Later, one news agency distributed the story without these expressed limitations.

Mountbatten said the decision to strengthen British naval forces in the Far East was made at least six months ago, before the recent flareup in the Formosa Strait area. He said the fleet, based at Singapore, will initially be formed around one attack carrier. Later, a second carrier will be added to carry a Marine commando battalion and have capability to move another battalion with landing craft and supporting equipment.

Mountbatten said the first atomic submarine for the Royal Navy may be ready for fleet duty by the end of 1961. It will be named Dreadnaught, carrying forward the name of the first modern battleship.

Landed in Corsica

He left New York 5 1/2 weeks ago on an attempt to circle the earth in eight days, starting with a nonstop flight to Rome. His Mooney Mark 20A aircraft landed in a Corsican vineyard when a fuel line pump clogged.

Engine trouble continued across Asia. The 180-horsepower replacement engine now in the plane was installed in Hong Kong.

The little plane—little more than half the size of Lindbergh's Spirit of St. Louis—is designed to carry two persons. It is called the Spirit of the Adventurer. Flying alone, Banfe carried pills and wore an automatic alarm watch to keep himself awake.

A pillow-size lift raft was in the tiny cabin but he left his parachute behind and had only a small compass and an automatic direction finder.

The plane normally carries 85 gallons of gasoline. Banfe carried 343 gallons weighing 2,650 pounds when he lifted the plane off the runway with difficulty.

Banfe is married to a former air stewardess and they have four children.

Ike Departs

ex in Los Angeles and San Francisco.

There was no advance word as to what extent Eisenhower would deal with foreign policy on this tour. In any event, indications were he would leave it mainly to Nixon and other Republicans to swat back at Democratic criticism in that field.

Eisenhower, in a telegram to the campaigning Nixon, said "our side" must reply to opposition attacks on day-to-day handling of foreign policy—as distinguished from criticism of the broad objectives, such as dedication to peace and the battle against Communist expansion.

"No one can do this more effectively than you," Eisenhower told Nixon.

Ike To Stay In Abilene On First Night Of Trip

ABILENE, Kan. (AP)—"The Abilene White House," answers the telephone operator at the Sunflower Hotel.

The Sunflower doesn't have the Ionic portico or the famed Blue and East reception rooms of the White House, but tonight it will have President Eisenhower. For Abilene that's enough.

Mr. and Mrs. Dwight D. Eisenhower can't stay in the frame house on the South Side where Ike lived as a boy. It has been a national monument since 1947 and, anyway, the Eisenhowers brought along too many people.

When hotel manager Mike Biggs finished setting aside rooms for the President and his wife, press secretary James Hagerly and members of the White House staff, he had only six left.

"It got so bad that some of the Secret Service agents had to be moved into private homes," Biggs said. "I guess the press boys are going to sleep on cots wherever we can put them."

The President is only going to stay the night—a stopover on a nationwide tour. But the preparations started two weeks ago and more than likely there'll be hammering coming on when Ike's motorcade enters town at 4:20 p.m.

The Eisenhowers will tour the Eisenhower Museum and the boyhood home, then will visit with old friends and top state Republicans.

They leave Saturday morning for Denver.

U. S. Order For Prison Return Costello Gets

NEW YORK (AP)—Racketeer Frank Costello was ordered by federal authorities Thursday to surrender next Tuesday and resume his five-year prison term for income tax evasion.

Costello, 67, had served nearly 11 months of the term when he was released in \$25,000 bond March 11, 1957, to appeal the sentence. Last Monday, the U.S. Supreme Court handed the appeal a final turnaround.

Three Men Die As Trucks Crash

CHARLESTON, W. Va. (UPI)—Three persons were burned to death Thursday night in the collision of two tractor-trailer trucks on the West Virginia Turnpike, about 20 miles south of here.

State Police Lt. Roy Coen said the accident occurred when a rig, owned by the McClean Trucking Co., apparently went out of control and struck a guard rail. The huge vehicle containing a cargo of plastic products bound for Chicago upset in the path of a truck owned by Bell Lines Inc.

Thomas Jefferson was called the pen, Patrick Henry the tongue and George Washington the sword of the American Revolution.

OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever.—Morris.

Miracle Of Time

IN THE DRAMATIC history of air transportation, October of 1958 will go down as the period when the jet airliner came to the commercial airways to give the world, once more, a new idea of time. Across the Atlantic, from New York to London, a British overcast Comet IV flashed in 6 hours and 12 minutes to inaugurate the new era. Meantime, a companion craft was flying through the same route westward, bucking standard headwinds in a considerably slower run. In a little more than three weeks Pan American World Airways will begin flights with its giant Boeing 707 on the Atlantic course, and by January American Airlines will be flying the 707 over the American continent. Thereafter, line after line will move into the jet age as its new planes are received.

BOAC LEAPED frantically into the jet competition with its Comet IV the minute the Port of New York Authority gave its limited clearance for jet use of Idlewild Airport. But Pan American need feel no twinge of disappointment at not being first into the air with jets. For its 707 is a bigger, longer-range ship than the Comet IV which seems likely to do substantially better than the British plane on the tougher east-to-west flights. A Comet IV many times will have to stop at Gander for refueling on the westward trip. The initial flight took more than 10 hours as a consequence — a not-too-spectacular gain over the fastest piston-engined planes of today.

THE HONOR of being first is not the significant thing anyway. What matters to us all is that the revolutionary shrinking of the world almost by half has truly begun. Within the next few years we shall come to accept Europe as just a quarter of a day away and our own continent as only that wide. No place on earth reachable by commercial plane will be more than a day from any other. Everything and everybody will be nearer now. That means the beauties and wonders of the world, friends, relatives, allies, potential enemies. We are gaining the comfort of traveling fast to all corners. But we are losing the comfort of distance as a protection. The change will be felt in every phase of our lives.

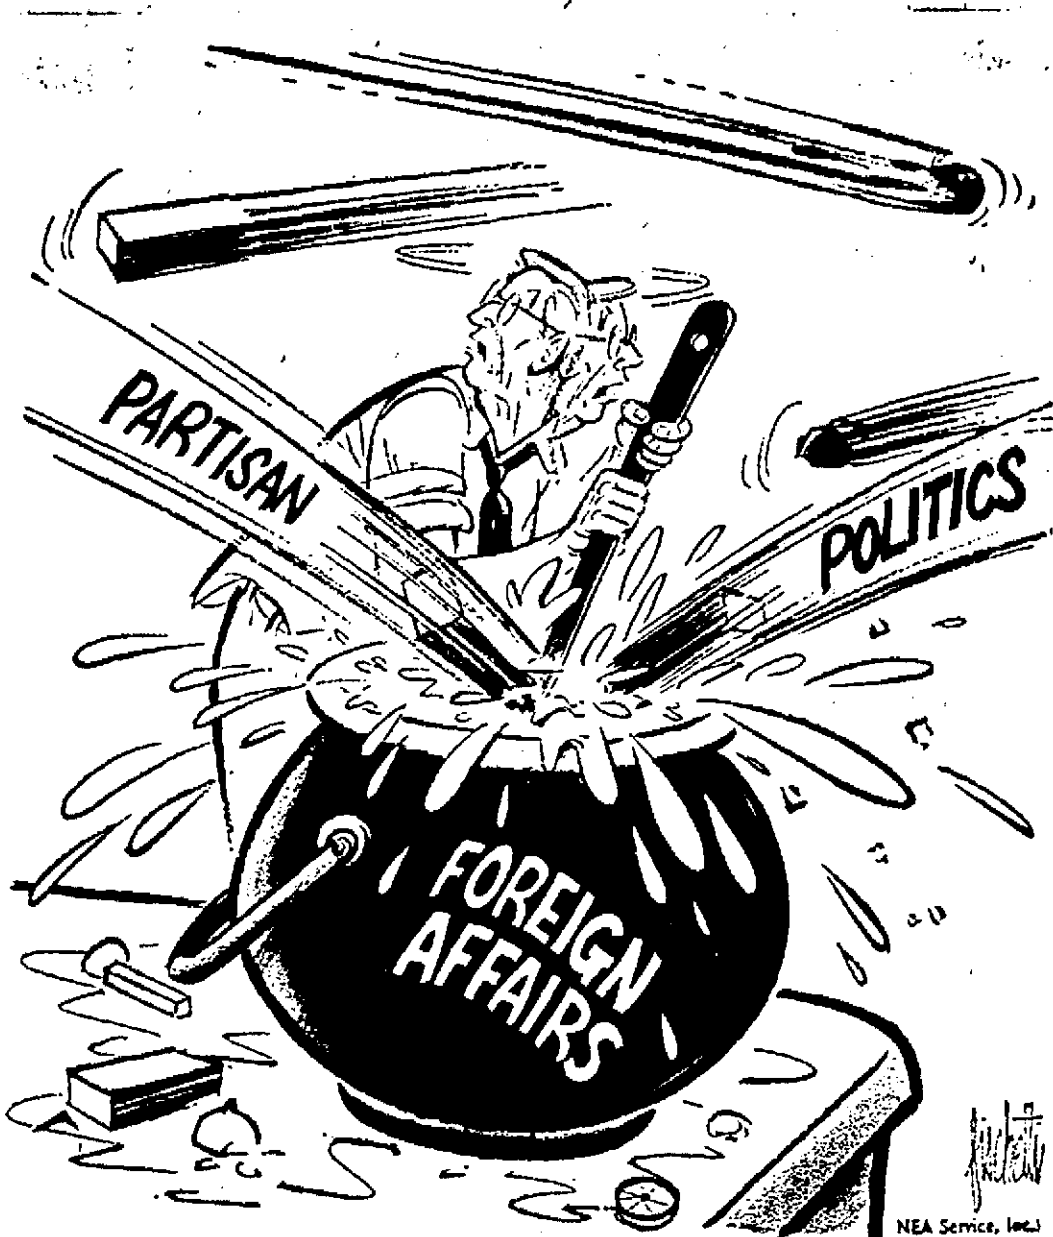

Raking Leaves

AUTUMN leaves, says a cynic of our acquaintance, would be all right if they weren't so detachable. Having inspired poetic rhapsodies, he notes, the leaves fall prettily to earth—where they create a nuisance that spells work. Our cynic contends that many a glad-some raker secretly considers the glories of autumn overrated. Who can deny that raking leaves is work? Yet this task, done voluntarily on a sunny day, is work under ideal conditions. The laborer, whether or not he is aware of it, has a contract with nature that provides fringe benefits and overtime pay. The very feel of such a day—the fragrance of crushed leaves and wood-smoke; the pleasant contrast of warming sunshine and the cool, washed air of autumn; the rustle of leaves still on the trees, and the color and movement of those that fall—is a reward that makes the job worth doing. There is satisfaction in forming the long windrows, heaping them together, seeing the dark green of the lawn emerge. For the mulchers, there is added pleasure in forming a huge backyard mound that will nurture the soil next year.

Some Rules Needed

A CERTAIN St. Louis mouse will never forget his trip until his whiskers get gray. Five boys conducted a scientific experiment. Slung in a handkerchief gondola under seven helium balloons, the intrepid rodent aeronaut was sent roaring into the upper atmosphere. The mouse was recovered when it landed and seemed none the worse for the adventure. But before this yen for scientific experimentation by the younger generation gets out of hand some rules should be set up. This was comparatively harmless (though the mouse might think differently). Yet hardly a day goes by without its story of injury involving a homemade rocket. Rule One would appear to be that the youngsters check what they have in mind with their science teacher. He might head off the dangerous experiments or redirect them into more profitable form.

Republican Hopes Fade In Wisconsin

MILWAUKEE — Mid-October sees the fading of Republican hopes that some Wisconsin arnica would help to ease the election aches anticipated elsewhere.

Instead, the only question seems to be whether Senator William Proxmire, Democrat, can achieve a big enough majority to pull in with him the party's state ticket. Some observers think he easily could if his name led the ballot instead of appearing in sixth place below Governor Vernon Thomson's and those of the other Republican incumbents in the statehouse.

As it is, Governor Thomson is given a slight edge over his Democratic challenger, Gaylord Nelson, with the state offices falling to the party of the successful Governor. This prospect might be altered by the widely predicted national Democratic trend.

FOR THE LONG run, the Wisconsin story suggests that Republicans may have to fight out their differences over party policy to the bitter end and then come up with fresh faces to tell the voters what kind of party now bears the label. A papering and painting job was attempted here, and it is obviously not convincing.

The Senate seat at stake is

that held by the late Senator Joseph R. McCarthy. McCarthy had already run his course before his death last summer, but the right-wing isolationist tendencies for which he spoke were still considered to be very strong when a special election to fill his place was held.

THE OMENS were not altogether auspicious. Right-wingers sought to deny the nomination to a mildly moderate Eisenhower supporter, former Governor Walter Koehler, and award it to their own favorite, Representative Glenn Davis. Koehler won, nobody bolted in public and it was assumed that the normally Republican tendencies of the voters would carry the day.

But Wisconsin proved to be the GOP Maine of 1957. A three-time loser for Governor, twice against Koehler, Proxmire not only won, but won big, carrying counties long taken for granted by Republicans. The upset was more crushing because Republicans had edged close to control of the Senate a few weeks before when Senator Matt Neely, West Virginia Democrat, died and was succeeded by a Republican appointee.

REPUBLICANS cried "fluke" and proclaimed Proxmire their primary target in 1958. That it

most probably will not turn out that way is due partly to Proxmire himself. He was at factory gates, thanking workers for their votes, three hours after his victory celebration concluded, and he has been at it ever since.

He is crowding Estes Kefauver for the handshake championship, and his vision of better times when Democrat rule gets rosier by the day. The harmony candidate of 1958, Roland J. Steinle, who resigned from the Supreme Court to make the race, seems somewhat isolated. The troops have not rallied to his support, and it is widely suspected that they are instead giving their all to Governor Thomson on the old half-a-loaf theory.

STEINLE, respected as a judge, has not helped himself by an old-fashioned, booming style of oratory and such arguments as the one that Adlai Stevenson was "soft on Communists."

Democrats have their organizational troubles, too, and Proxmire is no team player. But they have apparently convinced the farmers that Democrats are their friends and Republicans just don't care. In the industrial areas of the state, unemployment has proved an effective scare word.

State Department Feels Public Pulse

WASHINGTON — (NEA) — U.S. State Department over the past 15 years has developed quite a system for keeping a finger on the public pulse. It's done principally through Assistant Secretary Andrew J. Berding.

There are several purposes. One is to see if U.S. foreign policy is properly understood and is getting across to the general public. Another is to make sure that foreign policy decisions are in line with what the American public will support. Finally, there is an opportunity for the State Department to answer or to straighten out its most vocal and sometimes confused critics.

AS A GENERAL rule, says Maurice S. Rice, in charge of the Public Services division, taxpayers don't write in to the State Department to say, "You're doing fine, keep it up." The people who approve keep silent.

People sound off when they have something to complain about or protest against. It is for this reason that the department insists its fan mail does not provide an accurate poll of cross-section opinion on foreign policy. In the year ended last June 30, State Department received about 63,000 letters from the public. That's a lot of mail. But it is less than half the 150,000 letters that poured in the year of the Suez Canal crisis.

Only a small percentage is crank mail. But there is always somebody with a screwy plan or a vision to report on how to achieve world peace.

Three-fourths of the mail makes sense and gets an answer. Five young foreign service officers are detailed to handling this mail. A lot of the mail falls in patterns which can get similar replies. When obvious pressure group campaigns are detected, duplicated form letter answers go out. But when a new situation arises, a careful reply is drafted which becomes a model for future answers.

FOREIGN Affairs fan mail drops off in the summer when people have other things to do than write to Secretary Dulles. Movement of troops into Lebanon last July brought little reaction. September's cooler weather happened to coincide with the latest crisis over Formosa, Que-

moy and Matsu, so the mail picked up again. For about ten days it drew 1,000 letters a day. The total so far is around 17,000.

Most of this mail was a protest over the possibility of getting the United States involved in another war. The department insists it was not wholly a criticism of China policy.

This contention is based on the more careful appraisal of the American peoples' reaction to foreign policies made by the Public Studies division under H. Schuyler Foster Jr.

ALL HIS office does is this: Read foreign policy editorials of 100 daily newspapers and the foreign policy comments of 32 syndicated columnists. Transcribe pertinent passages of broadcasts from leading radio and TV commentators, interviews, forums and panel shows.

Review 52 weekly and monthly periodicals and published material from 60 private organizations. Study the Congressional Record for all statements on foreign policy. Survey public opinion polls. The department makes no polls of its own.

Digesting all this material, Public Studies divisions makes confidential reports to from 100 to 300 officials dealing with foreign policy. Among them are:

A daily summary of public opinion. These are later rounded

up for a monthly opinion survey on foreign affairs.

Special summaries are also made in particular fields of international affairs on which the department wishes to keep close watch. There are weekly reports on the Far East, Germany and related European problems. There is a monthly report on American reaction to United Nations affairs and a quarterly report on Latin American relations.

At irregular periods there are special reports on economic, labor or agricultural developments, the Near East, Africa or other areas warranting analysis.

Lag Seen In Russ Diplomacy

LONDON—Something has been happening in the Kremlin that has deprived Soviet diplomacy of its customary initiative in recent weeks.

Diplomatic sources have reached this conclusion after an appraisal of recent Soviet strategy on the international scene.

The Soviet propaganda offensive which has been ever present since Nikita Khrushchev took power has come to a virtual standstill.

SOVIET diplomacy, ever active and ever inventive, has produced no new element lately and has often been resorting to the stale methods of ousted V. M. Molotov's outdated techniques.

Both diplomats and Soviet affairs experts have been seeking for an explanation of this unusual phenomenon in Soviet behavior.

EXPERTS believe that Khrushchev has realized his propaganda drive has not paid off in any major field of international relationship. But he may also be "preoccupied" with serious inner-Soviet bloc problems.

In Sochi on the Black Sea, where he spent the recent weeks, he may have been laying the groundwork for a new strategy which the West may soon have to face.

Presently, the military chiefs of the Warsaw Pact alignment that includes Russia and the East European satellites are meeting in Warsaw with Marshal Ivan Koniev, the military chief of the alliance, nothing so far has been disclosed of their decisions.

IF THESE moves are the preliminaries to a new diplomatic offensive of the Communist camp, its first sparks probably will be flying at the forthcoming East-

West Geneva conference which is to discuss the issues of suspending nuclear tests.

The expert analysis of the lull, or freeze in Russia's diplomatic initiative has pointed out that all major points of Moscow's past diplomatic offensive have misfired.

KHRUSHCHEV's plan for a "deal" with the United States—the backbone of his policy after his take-over has failed. So has his plan for a summit conference Khrushchev-style as a platform for Moscow's propaganda.

His call for an East-West non-aggression pact has been ignored and mistrust in the West of Russian policy aims has grown.

At the same time, the Sino-Russian relationship has undergone its greatest changeover, with Red China emerging fast as a giant power at Russia's backdoor where the Soviet empty spaces are highly vulnerable to the pressures of the fast growing Chinese population.

PEIPING has put an end to Moscow's patronage over Red China and is calling the tune in the Far East to which Russia has had to bow.

Some experts believe the happenings in the Sino-Soviet axis have more than any other single event in effect caused the present paralysis in Moscow's diplomacy.

There also is one other possible element: Internal problems in Russia involving a new phase in the struggle for power and preparations in the economic field for the new party conference in January. But past experience has shown that economists have rarely interfered with Moscow's diplomatic dynamism.

Room For Little Demons

WASHINGTON — Now I know a lady who obviously has produced three small demons, with wrecking bars in their hip pockets.

This unfortunate female, whose name never shall be revealed by me, is among 100 ladies from 32 states, now attending the Women's Conference on Housing at the headquarters of the National Association of Home Builders. The builders, being mere men (but brave at that) invited the ladies to tell what they thought, was wrong with houses as now being built. They got an ear full.

THE MOTHER of the brats said there was only one thing she wanted in her new house and that was a special room to contain her little monsters on rainy days. She specified iron bars on the windows and walls paneled in sheet steel.

The other delegates, a number of whom passed their ideas on to me at an inaugural cocktail party (mostly they took tomato juice), all seemed to want that most costly of all commodities in a house — space. They were caught up with tight kitchens, undersized third bedrooms, and closets suitable for doll clothes. And then there was Mrs. Donald C. Colver of Tonawanda, N. Y.

SHE SUGGESTED among numerous other things a garage with doors at both ends. Drive in at night, she said, and without any geering and hawing and humping into the rose bushes, you're all set to drive out the next morning. Mrs. Colver added that such a two-ended garage would eliminate the need for turn-around space and in general would be more efficient than garages as we now know 'em.

The gents in charge were amazed; they'd never thought of this before and they intend to try it in the next model house they build.

Mrs. George W. Ellis of Little Rock, Ark., said she'd been keeping house now for more than 30 years and she still has to live in

a place with enough storage space. She not only suggested more and bigger closets, but floors with trap doors leading to chests for storage of things a girl (the female sex seems to have the instincts of a squirrel) hates to throw away.

THEN THERE was Mrs. Frank H. Burch of Phoenix, Ariz., who lives in a new house already. She doesn't like it, mostly because her living room is used as a hall leading to the den, the bedrooms and the kitchen. Next time, said Mrs. Burch, she intends to have a parlor with only one door. Then she bets the family won't use it for a corridor.

Mrs. John Halsted of Rockford, Ill., wanted a garage big enough to hold her new automobile. Mrs. Jessie Brunish of Los Gatos, Calif., said she did believe 20 loads of laundry a week (she has five children) deserve a special room in which to do it. Mrs. John C. Howard of Chagrin Falls, Ohio, asked for what she called a mud room.

This presumably is for when Mr. B. comes in from hoeing the tomatoes.

THE LADIES were invited to Washington, with all expenses paid, after writing winning essays on housing in their home towns. A pretty blonde in blue delighted me, if not the home builders, by her honesty. I asked her what she wrote in her essay. "What essay?" she said. "I am a friend of the wife of the president of the home builders at home and when they wanted somebody to come here, I just came along for the ride."

She added that she lived in a house, all right, and that she liked it fine. She stands alone among the delegates.

Forerunner

THOSE WHO are made uncomfortable by any rude disturbance of their notions about the universe have been given brief respite: "What goes up must come down" still holds true. It was a narrow escape, though. What went up from Cape Canaveral early the morning of Oct. 11 nearly didn't come down. The moon missile Pioneer, a small object packed with delicate instruments, hurtled almost 80,000 miles into space. There it hovered, just as a baseball tossed into the air hovers for a moment at the apex, and turned back. Its impetus had been overcome at last by the mighty pull of Earth's gravity. So what went up, even 79,120 miles up, came down. But the handwriting is clearly to be read, now, on the limitless wall of space. The handwriting says that man, for good or ill, will break the chains of gravity not long hence. The ultimate results of that cannot now be foreseen. It is a subject for limitless speculation. In the meantime, one can view with pride and gratification what has already been accomplished. Scientists and technicians, working together as a superbly coordinated team, nearly achieved escape velocity. Though their missile plunged back to the earth, its brief span of life did provide new data that will be of direct value in planning other ventures into space. The Pioneer did not reach its goal. Yet it went farther, and faster, than any other man-made object had ever gone. It ventured out 10 times the diameter of the earth, a third of the way to the moon. It was truly the pioneer, the forerunner. Oct. 11, 1958, is a date that history will remember centuries hence.

Reporter's Notebook

S.S. BRASIL AT SEA — Anyone who wants to enjoy eating with a clear conscience can do no better today than go to sea.

Ashore it is getting so a man is afraid to show any pleasure in food. If he eats more than five peanuts at a cocktail party, he winds up with a sense of guilt. He worries: "Am I shortening my life?"

Food is no longer food but a form of medical fuel measured in calories which one doles out to oneself as if he were an engine instead of a human being. As a matter of fact, many people feed their motor cars better than they do themselves.

But at sea, this attitude disappears. Food is recognized again for what it really is—one of mankind's greatest blessings. Good eating regains its true stature as one of civilization's finest arts.

MY WIFE, FRANCES, and our daughter, Tracy Ann and I are embarked on a 31-day voyage to South America. It is the maiden voyage of the beautiful new Moore-McCormack liner Brasil, the largest passenger liner ever built in Dixie.

So far I have been gaining weight at the rate of half a pound a day, and loving every ounce of it. No one has mentioned about the word calorie.

If you put an extra pat of butter on your baked potato, no one thinks it is in compensation for mother love you missed in childhood. If you essay the salmon steak before wading into the rock Cornish hen and wild rice, no one suggests: "You're eating to hide a secret anxiety."

Dining is no longer an exercise in self-denial but a ceremonial ritual of robust healthy joy.

Passengers who have to dose themselves with digestive pellets at home if they eat a biscuit for breakfast are now wading through five-to-seven-course dinners and going to bed feeling wonderful.

THE ONCE-AILING stomachs are holding up fine. It's the girdles that are showing signs of strain.

On a cruise it isn't the passengers who gain weight that worry the doctor. It's the passenger who insists on losing weight. He is a source of consternation to the whole ship's staff, but not to the other passengers. They recognize him for what he is—a show-off, an exhibitionist.

At sea the air is like wine, and the wine is like air. You don't tell time by clocks but by your appetite.

Breakfast at 8; bouillon at 11; lunch at 1 p. m.; tea, with four kinds of cakes and cookies, at 4; and dinner at 8. Then, at 11:30 p. m. there's a loaded buffet table to snack on and keep from starving overnight.

If this ship should sink unexpectedly, there's one consoling thought. They wouldn't have to hurry the rescue. The average passenger would float comfortably for at least five days.

Assignment America

NEW YORK — As long as a woman is happy at home, she has no emotional urge to splurge on a new hat.

This is true. Ask any of a thousand miserable women, and they will swear it on a stack of milliner's handboxes.

But men don't want to understand this. Most of them prefer to refer to the age-old philosophical cliché that woman is born and reared to be a spendthrift. Give them a dollar and they'll spend it on a taxi to Saks where they can open a charge account.

The positive proof that men think in these terms or that the majority of women are unhappy, and thus emotionally needy comes today from a representative of American Express.

He brings to this office the results of an extensive poll of executives in a variety of fields in a variety of cities across the United States.

The canvass was made by 108-year-old American Express to determine whether women were going to be good potential customers for A.E.'s new credit card system.

"SPECIFICALLY," said the American Express man, "the male executives were asked this: 'Are they willing to buy supplemental credit cards, at a cost of \$3 a year, for the convenience of their wives?'"

"Such a card would allow women to charge in hotels, motels, restaurants, nightclubs, car rental agencies, retail stores, cruises and tours around the world and even at the haute couture places in Paris."

A resounding 67 per cent of the questioned men replied with an unqualified "No." Seven per cent begged for time to think it over. This left a flimsy 26 per cent of the men trusting their wives to spend their money judiciously.

"Another question we asked," the A.E. man continued, "was how about it—would you take a credit card for your wife if it were free?"

This time 53 per cent, rather than 26, said "yes." Which indicates strongly to us that a goodly percentage of American males are purely and simply tightwads who will take anything they can get for nothing and are incapable of thinking beyond their next bucks.

The company, despite the discouraging male reaction, is putting out the supplementary wives' cards, of course. And I suspect that in the long run, it will result in husbands being gentler and more thoughtful with their women.

AFTER ALL, now that she has an international credit card, her emotional unhappiness could be a very costly affair.

Instead of going home to mother, or buying a new hat, she can fly around the world, stopping at Dior's on the way.

Visualizing the above mentioned possibility, American Express offers the following tips for ladies traveling in Europe: Dress up rather than down when traveling. Europeans in general are more formal than we are.

Unescorted women can sit in French cafes alone, but in Italian cafes will need a male companion.

Ladies extend their hand first when introduced. Expect to have it kissed.

It is habitual for European men to walk on the inside, beside buildings when with a lady. Don't try to edge them to the curb.

If you're asked to dine out in Holland, remember that this is where the term "Dutch treat" comes from. They mean it! (United Press International)

Wife's Estate Suit Dropped By Van Horn

BALTIMORE (AP) — Robert J. Van Horn, 53-year-old business executive serving a 10-year sentence for killing his wife, withdrew claim to her \$800,000 estate Thursday.

His attorneys filed an amended answer to a suit saying Van Horn "believes that in all good conscience morally," he should not be permitted to inherit the estate and thus profit by the killing.

The estate is now expected to go to two church groups, the Corporation of Roman Catholic Clergymen, Maryland, and the Brown Memorial Church of Baltimore City.

Van Horn was convicted last Dec. 18 of manslaughter in the death of his 33-year-old wife Bernice last year at their Shawan estate.

He was sentenced to 10 years in the Maryland Penitentiary. A hearing on a suit to bar Van Horn from receiving his wife's estate was scheduled to be held in Circuit Court next Wednesday.

The suit was filed by Charles H. Buck, executor of the will. In an answer to the suit last August, Van Horn's attorneys contended he was not legally barred from sharing in the estate because he did not maliciously or intentionally kill his wife.

Thursday, Van Horn's attorneys petitioned to withdraw his claim and Judge Joseph L. Carter authorized the withdrawal.

West Virginia Hunters Given Fire Warning

CHARLESTON, W. Va. (UPI) — The greater threat of forest fires in West Virginia with the start of the fall hunting season today has prompted the State Conservation Commission to issue its annual warning to be careful.

The commission observed that the woods were dry since very little rain has fallen recently. "Just the fact that more people will be in the woods means that the chance of fire is greater," a spokesman said. "Thirty-nine per cent of last year's forest fires in West Virginia could be blamed on hunters' carelessness in handling camp fires and cigarettes."

Some 2,500 volunteer fire wardens manned 54 state forest fire towers in an effort to halt any blazes before they got out of control.

PTA Hears Talk On ABL Project

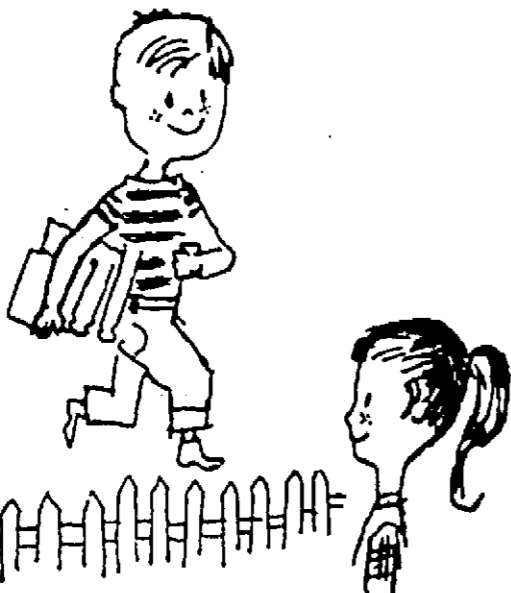

Paul K. Hawk, production superintendent at Allegany Ballistics Laboratory, was the speaker at a recent meeting of the Ridgeley Elementary School Parent-Teacher Association.

His topic was "The Earth Satellite Program." He also made brief remarks on various projects developed at ABL including the Nike, Terrier and Talos. Hawk closed his talk with a discussion on ABL's participation in the U.S. Air Force's space-pioneering moon shot.

The devotion of the PTA meet was by Mrs. Marion Phillips and hymns were sung by a trio including Mrs. Harold May, Mrs. Lemuel Powers and Mrs. Phillips.

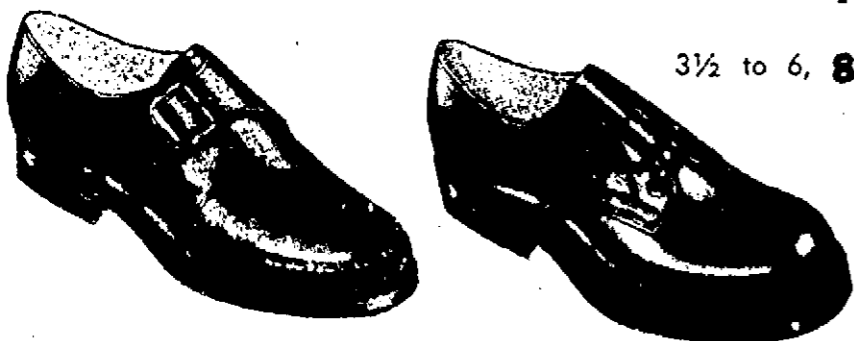

Plans were made for a Halloween carnival and party to be held on Tuesday, October 28, at the Ridgeley Rod and Gun Club building.

Melvin WSCS To Observe Prayer Week

The Womens Society of Christian Service of Melvin Methodist Church met at the church Wednesday evening. "Crown Thy Good With Brotherhood" was the theme of a worship program conducted by Mrs. Vincent Delagrang. The group sang the theme hymn "Christ, for the World We Sing" and Mrs. Delagrang gave the story of the hymn and offered prayer. The Scripture was read by Mrs. Helen Northern. The following talks were given: Mrs. Frances Atkinson, "Alaska"; Mrs. Carl Koerner, "Hawaii"; Mrs. Mary Zais, "Cuba"; Mrs. Leona Miller, "Mexico"; and Mrs. Sidna Northcraft, "The United States". The group sang "America the Beautiful" and Mrs. Blanche Speir gave the closing prayer.

Mrs. Speir presided. Routine reports were given by Mrs. Jane Fier and Mrs. Millie Alerton. Announcement was made of the fall district meeting at Hagerstown and the missionary institute at Kingsley Church today. An invitation was read from Centre Street W.S.C.S. to attend a study course.

Reports on the "Educational Seminar" and the Susanna Wesley Zone meeting were given by Mrs. Irene Kennard, Mrs. Robert Streett, Mrs. Dorothy McDonald and Mrs. Eleanor Delagrang.

On October 29 at 7:30 p. m. a service will be held at the church in observance of the Week of Prayer and Self-Denial.

Mrs. Carl Koerner, secretary of social relations and her committee comprised of Mrs. Jane Fier, Mrs. Nellie Miller and Mrs. Eleanor Delagrang, presented a report on "The Bill of Human Rights" in the form of a panel discussion.

The group decided to give \$200 to the building fund and to let the making and selling of apple butter be a church project with the proceeds going to the parsonage fund.

During the social hour Mrs. Virginia Golden was honored on her wedding anniversary with a card shower. Mrs. Mary Zais and Mrs. Ruth Watson were the hostesses.

Bedford Road Club Plans Christmas Party, Elects Two

The Bedford Road Homemakers Club received the report from the nominating committee and discussed plans for its Christmas party at the recent meeting at Zion Methodist Church. What We Enjoy Doing As a Family.

Mrs. W. O. Wolford, chairman of the nominating committee, reported that Mrs. Helen Wilson was the new vice president, and Mrs. Mary Straw the new secretary. The two offices are elected on alternate years.

The Christmas party will be held the first Thursday in December at the Bedford Road Fire Hall.

A display of members' achievements for the year was held.

Eight Ancient Jars Uncovered

CHIBA, Japan (UPI)—Japanese archaeologists reported today the finding of eight ancient earthen jars they said may be the oldest in the world.

Scholars of Tokyo and Meiji universities said the jars may be more than 10,000 years old. They planned chemical tests to confirm their estimates.

The oldest known earthenware discovered so far is reported to be a 7,000-year-old find in Egypt.

North sees definite slam possibilities. His 15 points in high cards include three aces. He has very good clubs and a singleton in the fourth suit. He could jump right to four clubs but three spades is probably better.

The three-spade bid does not encourage South and he merely bids three no-trump. Now North shows his club support and South makes the simple bid of four diamonds. This bid leaves the way open for North to stop at four spades but also shows the diamond ace in case North is interested in that card.

At this point North's bid of six clubs is practically automatic. He may toy with the idea of seven for a moment, but after he remembers that South's second bid had been three no-trump he is content with six.

Q—The bidding has been:

Pass 3 N.T. Pass ?
You, South, hold:
♠ A K 8 7 6 ♥ 9 7 ♦ A Q 5 ♣ 10 5 4
What do you do?
A—Bid four no-trump. This is not Blackwood but rather tells your partner that you are willing to have him bid a slam if he wishes. At least one opponent has been fooling.

There is a lot to the bidding and the key bid is South's two-club response. He has 14 points and a balanced hand and could bid two no-trump. But his 14 points include an ace and three kings and as such this hand is much better for slam purposes than other 14 pointers.

Peggy Funk Honored With Surprise Bridal Shower

Miss Margaret (Peggy) Funk was honored with a surprise bridal shower by Miss Rosemary Gerlach and Mrs. Shirley Stafford at the home of Miss Gerlach, 7 Parkside Boulevard, LaVale, a recent evening.

Miss Funk's daughter of Mr. and Mrs. Eugene Funk, 46 Locust Street, will become the bride of James Bernard Martin, son of Mrs. Hilda Martin, Clarysville, tomorrow. The ceremony will be solemnized in St. Peter and Paul Catholic Church by Rev. Regis Larkin, of St. Michael's Church, Frostburg.

The bridal theme was carried out in the decorations with a bride doll centering the table, with streamers leading to four boxes holding the traditional "something old, something new, something borrowed and something blue," which the bride will wear on her wedding day.

Several games were played and refreshments were served. Prizes were won by Mrs. Dorothy Silber, Miss JoAnn Carter, Miss Barbara Tyree, and Mrs. Rita Williams.

Other guests present were Mrs. Katherine Funk, Mrs. Hilda Martin, Miss Anna Marie Dressman, Mrs. Agnes Fisher, Miss Regina Delaney, Mrs. Rose Spies, Mrs. Marie Gerlach, Miss Jackie Harvey, Miss Grace Stafford, Mrs. Dorothy Huff, and Mrs. Pat Wigger.

North sees definite slam possibilities. His 15 points in high cards include three aces. He has very good clubs and a singleton in the fourth suit. He could jump right to four clubs but three spades is probably better.

The three-spade bid does not encourage South and he merely bids three no-trump. Now North shows his club support and South makes the simple bid of four diamonds. This bid leaves the way open for North to stop at four spades but also shows the diamond ace in case North is interested in that card.

At this point North's bid of six clubs is practically automatic. He may toy with the idea of seven for a moment, but after he remembers that South's second bid had been three no-trump he is content with six.

Bedford Road Club Plans Christmas Party, Elects Two

The Bedford Road Homemakers Club received the report from the nominating committee and discussed plans for its Christmas party at the recent meeting at Zion Methodist Church. Following the recital of the Lord's Prayer and the singing of the Hymn of the Month, "O, Jesus Thou Art Standing," reports were given.

Mrs. Estel Oster reported on "Family Teamwork," and Mrs. Paul Gilford reported in the extension meeting held at the Public Library recently. Roll call in with the topic. It was

What We Enjoy Doing As a Family.

Mrs. W. O. Wolford, chairman of the nominating committee, reported that Mrs. Helen Wilson was the new vice president, and Mrs. Mary Straw the new secretary. The two offices are elected on alternate years.

The Christmas party will be held the first Thursday in December at the Bedford Road Fire Hall.

A display of members' achievements for the year was held.

Eight Ancient Jars Uncovered

CHIBA, Japan (UPI)—Japanese archaeologists reported today the finding of eight ancient earthen jars they said may be the oldest in the world.

Scholars of Tokyo and Meiji universities said the jars may be more than 10,000 years old. They planned chemical tests to confirm their estimates.

The oldest known earthenware discovered so far is reported to be a 7,000-year-old find in Egypt.

Our Lady of Seven Dolores Catholic Church, Bean's Cove, will sponsor a rummage sale tomorrow at 33 North Liberty Street from 10 a. m. to 4 p. m.

Melvin WSCS To Observe Prayer Week

The Womens Society of Christian Service of Melvin Methodist Church met at the church Wednesday evening. "Crown Thy Good With Brotherhood" was the theme of a worship program conducted by Mrs. Vincent Delagrang. The group sang the theme hymn "Christ, for the World We Sing" and Mrs. Delagrang gave the story of the hymn and offered prayer. The Scripture was read by Mrs. Helen Northern. The following talks were given: Mrs. Frances Atkinson, "Alaska"; Mrs. Carl Koerner, "Hawaii"; Mrs. Mary Zais, "Cuba"; Mrs. Leona Miller, "Mexico"; and Mrs. Sidna Northcraft, "The United States". The group sang "America the Beautiful" and Mrs. Blanche Speir gave the closing prayer.

Mrs. Speir presided.

Students Get Top Scientific Backgrounds

State Schools Lack Foreign Languages Study, Report Shows

BALTIMORE (AP)—Post-Sputnik critics to the contrary, Maryland's high schools are turning out future physicists, space engineers and chemists well backgrounded in science and mathematics. What they lack is sufficient study in foreign languages.

That's the conclusion of an "academic inventory" made by the State Department of Education and jointly announced yesterday by Thomas G. Pullen Jr., State superintendent of public schools, and Dr. James B. Conant, president-emeritus of Harvard and former ambassador to West Germany who is making a two-year study of the nation's high schools.

Maryland is the first state, Dr. Conant said, to have compiled this sort of information for the more able 1958 graduates in each high school of sufficient size in the state—that is each school whose graduating class numbered at least 100.

52 Schools Included
It included 52 schools in 15 counties and Baltimore City and 1,245 academically talented students—those with I.Q.'s of 120 or more who represent the top 10 per cent of their class. Included were 741 boys and 504 girls.

Excluded from the inventory because of their small size (less than 100 students in the graduating class) were 95 schools in six Eastern Shore counties—Cecil, Kent, Queen Anne's, Caroline, Somerset and Worcester, and two in Southern Maryland—Calvert and St. Mary's.

The report noted that these 95 schools contained 28 per cent of the total high school enrollment in the state but only 129, or 9.4 per cent, of the gifted students. So the inventory covers more than 90 per cent of the students whose I.Q. was 120 or above.

Dr. Conant noted that among the criticisms hurled at the public schools during the last 11 months "some of the apparently most damaging have been those based on the per cent of our youth studying science, mathematics and foreign languages."

Figures Meaningless
"The attacks have been answered in part by the defenders of the schools by the use of another set of statistics," he said. "Now I am prepared to demonstrate that all national or even state statistics of this sort are meaningless. The figures for boys and girls for small schools and large schools, for suburban schools and vocational high schools are all mixed together. It is important to know what students are electing what subjects in a given high school; indeed to my mind it is one of the most important things to know about a high school."

Dr. Conant said the inventory was aimed at the top 10 per cent—the academically gifted—because it is from these that "our professional leaders will be eventually recruited."

Dr. Conant recommends that these more able students, in addition to the normal requirements of four years of English and three years of social sciences, should study four years of mathematics, three years of science and four years of one foreign language—for a total of 18 subject classes in four years of high school.

Youth For Christ Rally Scheduled

The Tri-State Youth for Christ rally tomorrow at 7:45 p. m. will have Rev. Robert Manderson, Fallston, as speaker. He will also present a musical program.

Rev. Mr. Manderson, formerly a night club entertainer, travels throughout America and Europe as the featured musician and preacher in evangelistic crusades, conferences, camps, and youth rallies. He is also founder-director of Bethany Acres, Inc., Fallston, a haven for the rehabilitation of alcoholic women.

Quiz teams of Allegany and Fort Hill YFC Clubs will engage in the season's first Bible quiz. On the Allegany team are Gary Durr, Charles Johnson, Dave

Japan's Living Habits Difficult To Overcome

By GAY PAULEY

TOKYO (UPI)—Scrutinizing the inscrutable East:

When in Japan do as the Japanese do is my theory. So I've learned in a manner of sorts to eat with chopsticks. It was either master them or starve, in this land where knife and fork are for diehard Westerners dining on Western-type dishes.

But knee sitting, another old Japanese custom, is beyond my creaky joints. It's for girls only. The men are smart and sit with legs crossed in front of them.

Knee-sitting looks easy. It consists of crouching on the floor, sometimes with cushion, sometimes without, with legs tucked under. In other words, you're sitting on your heels.

They tell me this method, used both at home and in restaurants, is so much a part of training from childhood that the Japanese girl can sit for hours without shifting.

I've worked up to five minutes, before circulation halts and numbness begins.

The Japanese middle class home has fewer of the modern conveniences than the American, but give the wage earner time. Only Japanese office worker I met listed his wife's "priority" list for adding appliances.

She wanted an electric toaster, washing machine, blender (used for whipping tea made from powdered leaves), refrigerator, television set and rice steamer—in that order. He'd managed to add all "priorities" on his \$110 per month salary except TV and steamer.

This latter gadget is much in demand in Japan because, just as some of our radios start the morning coffee perking, the steamer starts the rice cooking before the housewife gets out of bed.

Trumbull, Tom Ramsey and George Price. Fort Hill is represented by Robert Mertens, Barbara Mertens, Charlotte Shaffer, Carol Jean Perdew, Beverly Murray and Glenna Jean Shank.

State Dairy Cows Produce At High Rate

38 Per Cent Increase In Output Listed For Maryland Farmers

WASHINGTON (AP)—Maryland, which has been steadily rising in rank as a dairy state, is credited with a new high production rate per cow.

The Department of Agriculture said the average rate for Maryland cows on Oct. 1 was 21.6 pounds—the highest for any southern state and topped by only 13 other states.

The Oct. 1 figure for Maryland compared with a 10-year average, 1947-56, for that date of 18.3 pounds.

Department records show the average production per cow in Maryland has risen steadily. In 1940, it was 4,800 pounds yearly compared to a national average of 4,622. By 1957, the Maryland figure had climbed to 6,630, even further ahead of the national average of 6,162.

This was a 38 per cent increase for the average Maryland cow compared to a national increase of 33 per cent.

Maryland has climbed in rank also in total milk production.

In 1940, the state ranked 32nd. Total milk production then was 922 million pounds. Last year, the state's production of 1,551,000,000 pounds was topped by only 22 states.

In line with a general trend, the bigger production in Maryland has been from fewer cows. Maryland was reported to have had 234,000 cows last year compared with four years before.

Contracts Awarded

WASHINGTON (UPI)—Contracts for construction of 360 miles of the federal-state highway system were awarded during September at an estimated cost of 211 million dollars, the Commerce Department said today.

First Atlantic cable was laid in 1855.

Six-Year-Old Stops Train

BALTIMORE (AP)—Six-year-old Jackie Dorn was walking across the Patapsco River railroad bridge yesterday when a train approached.

But young Jack didn't panic. As a matter of fact, said Conductor Robert Kirby, "he was quite unconcerned about it all. He didn't get excited until we gave him a ride in the locomotive."

The train crew was able to stop the Baltimore and Annapolis Railroad freight in time, picked up the North Linthicum, Md. tike and deposited him on the other side of the span.

The gold rush to Alaska's Klondike region began in 1897.

Jobless Pay Claims Drop Seven Per Cent

CHARLESTON, W. Va. (UPI)—The agency said the balance in the unemployment compensation fund now totals \$42,848,603.

Jobless benefit claims received by the State Department of Employment Security dropped seven per cent last week while initial claims under the extended benefit program were off 13.5 per cent, the state agency said today.

The department said 2,410 new claims received during the week ended last Friday compared to 2,599 in the previous week. Claims under the extended benefit program for unemployed workers dropped from 1,343 a week ago to 1,162 last week.

The department said claims of all types last week totaled 18,728, involving payments of \$646,536.

U. S. Women Termed Big, Expensive

By DOROTHY ROE

Neither New York skyscrapers nor Texas plains evoke undue amazement in the mind of Pierre Cardin, boy wonder of the Paris couture. After a five-week tour of the United States, the youthful Cardin exclaims:

"Such big women you have here in America!"

Pondering further on queen-size Americana, he adds:

"And they all look so expensive!"

Young Cardin, whose recent Paris collection was hailed as the sensation of the French openings, was invited to America by the pattern company for which he has designed a series of high-fashion dress patterns. During his tour he visited Boston, Washington, Detroit, Chicago, Los Angeles, Seattle, Houston, Atlanta and St. Louis. In addition to New York, says he: "Everything is different here from Europe—especially the women. Here you see fashion in the street. In Paris you must go to the couture salons for this. I have seen more French fashions in America than ever I have seen in France. Here you put them in the show windows. There we keep

WVEA Meet Scheduled

PIEDMONT — Vernon A. Stagers, principal of Piedmont High School, will preside at the ninety-second meeting of the West Virginia Education Association to be held in Charleston, October 30-31.

Approximately 10,000 teachers throughout the state will attend with a large delegation expected from Mineral County.

Assisting Stagers as officers during the two-day meet will be Mrs. Catherine Clark, Parkersburg, vice president; J. P. McHenry, Wheeling, treasurer and Phares E. Reeder, Charleston, executive secretary.

WVEA has only missed having two conventions during its 94-year history. The first year teachers failed to hold a state convention was in 1873, when it was found that no city in West Virginia could provide ample hotel accommodations for the mushrooming association. The next non-meeting year was in 1918, when the flu epidemic was bringing disaster to the schools of the state.

Membership of the organization now numbers 15,315 with about 14,000 of these members belonging to National Education Assn. WVEA has existed (under three names) since 1864.

The state organization ranks in the top ten per capita membership in NEA. It is the largest and oldest professional association in West Virginia.

Firemen Save Gilmore Home In Blaze Today

MIDLAND — Quick work by the Midland Fire Department, assisted by Lonaconing volunteers, saved the home of Mrs. Ruth McFarland in Gilmore from destruction today when a fire started in the basement and went up through a partition to the roof.

The one story building had a large cellar with an extension on one side of the structure, according to Harry Devlin, chief of the Midland unit. He credited the tank truck of the department for "saving the day" as Georges Creek was practically dried up and no other water was available.

Outside of damage to the basement, the only other damage in the house was from water. Firemen covered furniture with canvas which kept water damage at a minimum.

A son, Paul, resides with Mrs. McFarland.

Chief Devlin said no estimate of damage was available, and that it appeared the fire started from an overheated furnace.

Traffic Change At Keyser Becomes Effective Oct. 21

KEYSER — One-way traffic north on Main Street from Piedmont to Armstrong Streets, will go into effect Tuesday morning, October 21, Mayor Richard E. Romig announced.

Parking meters will be installed on the east side of the two blocks in the business section Monday by a representative of the Koontz Equipment Corporation, Pittsburgh, which sold the devices to the city.

The meters on those two blocks of Main Street and on Armstrong from Main to Davis Streets will be set to provide a maximum of 36 minutes of parking for three pennies, or a nickel may be used for the 36 minutes if the motorist has no pennies. Meters on Davis Street between Piedmont and Center and on Main from Piedmont to Overton Place will be regulated to give two hours of parking for two nickels.

Some weeks ago the Mayor and Council decided to make the two business blocks of Main Street one-way north to relieve traffic congestion and to provide more parking space by installing the meters on the east side of the street. An official traffic count revealed that approximately 80 per cent of the vehicles that use

the street are traveling north. Making those blocks one-way means that Route 46 through Keyser will have to be moved one block west to Davis Street.

Sponsor Project
Keyser High School's Hi-Y will take full charge of the UNICEP campaign in Keyser this year.

The UNICEP campaign, which is a drive for food, clothing, and medicine for the needy children of the world, will be held Halloween night. Children of Keyser, and possibly New Creek, Line stone and Fountain, will "trick or treat" for UNICEP October 31, using as their theme, "The Trick is to Treat." Children can be identified by the orange and black UNICEP carton they will have.

Dave Martin is president of the Hi-Y.

A mole will die in a day if it is deprived of food.

KAYE & RAYE

Hi, Shoppers. Back again with our fall bargains from all your friendly local merchants. Trust you all had a fine summer. By the way, if you have an October birthday, drop us a card, P. O. Box 23, Frostburg. Lucky date gets a PLATTER'S Birthday cake.

First place we stopped in when we returned this fall was PAT'S BEAUTY SALON. Had our hair redone and said "hello" to Pat, Dol, Janet, Stella, Retha & Jeanette.

Then we drove to Lonaconing to see the LIBERTY TRUST CO. there. Our checking account surely was an ideal way for us to pay bills. Why don't you inquire, too?

Our T.V. was on the blink so we gave Leo a call at the FROSTBURG APPLIANCE CENTER. Call 60 for quick service.

We saw the new personalized order books for Christmas cards in the GIFT SHOP. Better order early though. Also, this is "Knit It Yourself With Wool Week." Be in fashion.

It's here! The brand new '59 Chevie now on display at LUDWIG'S GARAGE, Keyser. Have Ed show it to you.

If you're driving to Keyser from Cumberland, be sure to visit the BARTON COW, still open in the evenings, for your favorite milkshake treat with Alta.

This is good weather for colds. Get your prescriptions filled where dependability and fresh drugs are the key to the success of PEOPLES PHARMACY, Keyser.

The new phone number at CITY CLEANERS, Piedmont, is EL 5-2681. Call and have Bill pick up and deliver in Georges Creek.

We visited with Dr. Kimmel and Katherine in R. E. KIMMEL'S, Piedmont. They're in the midst of a big Rexall One Cent Sale still in progress. Drop in right away and save.

We all love apple pies and tangy eating apples. Where do we buy our apples? The TOLL GATE FRUIT MARKET, LaVale, naturally, where the best buys in top flight fruit are.

While there, we got a couple gallons of good old DASHIELL'S MILK. Lanny and Cindy sure missed it while in Maine this summer. You can tell how they grow with Dashiell's.

We stocked up with groceries from ALBERT'S SUPERMARKET, Crystal Park, Rt. # 40. Got S & H Green stamps too.

Hurry to LAVALLE REXALL DRUG STORE. It's the last two days of the giant Rexall 1c Sale. Buy one, add a penny & get two. See Bob or Gloria and really save.

Kids, get your Halloween novelties from CHARLIE HILL'S. All your party and parade needs can be filled. See Charlie right away while the supply is large.

DENNISON'S STUDIO, Piedmont, will be moving soon to a new location next to the 10c Store. Watch for their big opening date coming soon. Call EL 5-3651.

In Piedmont, see DIXON'S for jackets for men and boys, Campus or McGregor, \$9.95 up (men's); \$6.38 up (boys).

In Westernport, you folks be sure to see the nice display Catherine and Patsy fixed up on Coty's items at WAGNERS DRUG STORE. Ideal gifts for Christmas or birthdays.

If you had medical bills \$4,000 or more, could you pay? You need Major Medical Insurance. Call BARR INSURANCE AGENCY, Keyser, today for details. Keyser SU 2-5791.

The big OPEN HOUSE is in full swing at MORTON'S CHEVROLET, Frostburg. Stop in today or Sat. See the '59 Chevie.

Did you folks know that PLATTER'S BAKERY & COFFEE SHOP, Frostburg, has their own case of sandwich meats, cheeses and salads. It's so taste appealing. Snack anyone?

Baxter L. Willey Joins Luke Plant Staff, Promoted

LUKE—The transfer and promotion of Baxter L. Willey to head the Order and Scheduling Department at the Luke mill of the West Virginia Pulp and Paper Company was announced today by Harold A. Sutphen, commercial superintendent.

Willey joined the company as a chemist in the research laboratory here in 1942. He has had a number of important assignments, the most recent as a member of the Technical Service Department where he conducted studies dealing with long range design and development in the field of paper finishing. He also played an active role in the new packaging program.

Sutphen said, Willey's assignment is the first step in expansion of the Order and Scheduling Department, made necessary because of the pending installation of two new paper machines and an increase in the service requirements of customers.

S. Leslie Albright, who has been chief order clerk and manager of the department since 1945, currently is on extended sick leave. He joined the company here in 1912 and will retire next July.

Mr. and Mrs. Albright live at 127 East Hampshire Street, Piedmont.

Mr. and Mrs. Willey and their two children reside at 221 Miller Street, Westernport.

Scouts Make Capital Visit

Approximately 200 Boy and Girl Scouts of this area left today for Washington, D. C., and Bethesda on a weekend senior Scout co-ed trip.

Alton R. Fortney, Luke, and James Rafter, Westernport, are co-directors. They are in charge of "Boy Scouts," assisted by Thomas Rizer.

Mrs. Fortney and Mrs. Roy Cave, Luke, are in charge of Girl Scouts. Leaving tomorrow are David G. Nuzum, chairman of the Tri-Valley District, Boy Scouts, and several Scouts. Nuzum and his group are traveling by auto. The other scouts went by bus.

Among points of interest to be visited are FBI Headquarters, Lincoln Museum, Bolling Air Force Base and Fort Myer. Boy Scouts will take a plane flight at Bolling while Girl Scouts will get an air trip from National Airport. The group is staying at Rock-

'Cupid's Helper' Given Year For Pen Wielding

A local man who helped two 15-year-old Pittsburghers get a marriage license here last month was sentenced yesterday to serve one year in the Maryland House of Correction. The sentence was imposed on Jack Largent, about 40, this city, after Juvenile Court Magistrate Fred H. Anderson found him guilty of contributing to the delinquency of two minor children. The magistrate said the sentence was given because Largent lied about the marriage license and in the light of his past record.

wood National Girl Scout Camp, Bethesda. Church services Sunday will be at National Cathedral and the Franciscan Monastery. A tour of the Islamic Center will follow.

Temple Planning Fall Ceremonial

Ali Ghan Temple, A.A.O.N.M.S., will meet today at 8 p.m. in the Masonic Temple in Hagerstown, according to J. Stanley Hunter, potentate.

About 30 members from the Cumberland area are expected to attend the meeting.

Following the business session, Potentate Hunter and his Divan will hold a rehearsal for the Fall Ceremonial of Ali Ghan Temple.

The ceremonial will be held December 6 at Ali Ghan Shrine Country Club here.

Orville F. Rush, Washington, Imperial Captain of the Guard, from Kena Temple, Alexandria, Va., is expected to attend. Invitations are being extended to officials of 18 area Shrine temples.

Band Changes Its Rehearsal

The Cumberland Concert Band will rehearse on Wednesday nights starting October 23, according to Dr. Ward K. Cole, conductor.

He said this will give an opportunity for members of the Cumberland Civic Orchestra to join the concert band. Both organizations have been practicing Tuesday nights.

Dr. Cole also announced that the band is planning to expand its membership beyond the 42 members it formerly held.

Dr. Cole is extending an invitation to experienced high school performers and to new residents of the area. Any person who enjoys good band music is urged to attend the first rehearsal. Each should bring his own instrument.

The rehearsal time is 8 p.m. in

Three Woodland Fires In County Yesterday

Fires in three separate sections of Allegany County yesterday burned over two and three-quarter acres of woodland, according to William H. Johnson, district forester.

Johnson said the work of volunteer firemen, boys from the Green Ridge Forestry Camp, residents near the fires and employees of the State Department of Forests and Parks kept the damage to a minimum.

The biggest blaze was on the east side of Haystack Mountain about one-quarter mile north of Braddock Road, where some two acres of immature timber was burned. Volunteer firemen from LaVale and Cresaptown, other volunteer helpers, Brook Bodkin, senior forest supervisor; William Slider, forest guard; a line crew

from the Fort Hill High School band room.

Johnson said the work of volunteer firemen, boys from the Green Ridge Forestry Camp, residents near the fires and employees of the State Department of Forests and Parks kept the damage to a minimum.

panny and Johnson himself fought the fire. It started about 1:45 p. m. and was under control by 3:30 p. m.

Just before noon, a small fire occurred on Little Allegheny Mountain near Corriganville and it burned about one-quarter acre. Ten Corriganville volunteer firemen with three pieces of equipment responded. Bodkin also was on the scene. Young timber and

grapevines were burned. The district forester said an investigation is continuing into the cause of both blazes.

About one-half acre of young timber was burned in the third fire, which occurred about 2 p.m. on Davis Road on the east side of Polish Mountain. Forest Guard Thomas Dixon and a crew of boys from the forestry camp quelled this blaze. Careless hunters were blamed.

Johnson cautioned area residents that the fire index now stands at the dangerous level of

100. Care with fire should be taken at all times, especially in the afternoon when the winds usually are high.

Teachers Hear Candidates Talk

No Pay Hike Promises Advanced

BALTIMORE (AP) — Maryland's gubernatorial candidates, Democrat Millard Tawes and Republican James P. Devereux, laid their programs before the state's public school teachers today.

Neither promised pay hikes.

Devereux plainly told the teachers they should not permit their organization, the Maryland State Teachers Assn., to exist as a lobbying agency to try to bleed more pay increases out of the Legislature.

Students Hear Talk On Store Clerk Duties

McCrory Personnel Director Heads AHS Workshop Program

A workshop on selling techniques was held Tuesday at Allegany High School for students in the retail selling class with Mrs. Margaret C. Douglas, personnel director at McCrory's Store, as speaker.

Mrs. Douglas showed the proper use of the cash register, explained how Federal and state taxes are handled on the register, demonstrated packaging merchandise and told how change should be counted out to the customer.

"Most stores today are building for self service," stated Mrs. Douglas. "In this way, the customer is served more expeditiously and sales can be handled by fewer personnel."

During the workshop, Mrs. Douglas gave the students the opportunity to use the cash register. She gave each a problem to solve on the register and stressed the value of arithmetic for successful salesmanship. She told the class that each employee must pass an arithmetic test. Several were afforded the opportunity to conduct sales, wrap packages and complete the sale.

"This was the second year Mrs. Douglas has visited my students," said Miss Livesey, "and her practical advice and demonstration is invaluable to the students."

Last year the McCrory's national magazine carried a picture and article on the visit to the local school.

Evangelism Program Set

St. Paul's Lutheran Church will conduct an evangelism mission at the church October 19 through October 26.

The theme of the mission will be "Our Growing Church."

Rev. John F. Sammel, pastor, will preach on "The Helplessness of Man" on October 19 at both the 8:30 and 11 a. m. services. Guest preachers will continue the theme on Tuesday, Wednesday, Thursday and Friday at 8:15 p. m.

On Tuesday night Rev. Dr. F. William Brandt will preach on "God's Amazing Promise of Salvation." Dr. C. C. Rasmussen, of the Gettysburg Seminary faculty, will be the preacher for the rest of the services on "The Saving Power of Man's Faith," "How the Church Grows" and "God's Ultimate Plan."

Roads Employee Hurt In Mishap

Ernest Drew of Middletown, 46-year-old employee of the Allegany County Roads Department, was injured yesterday when he leaped from a 12-ton roller that went out of control on a steep incline at Klosterman's Addition.

Drew was admitted to Miners Hospital, Frostburg, where at last he suffered ankle and leg injuries. He was reported in "good" condition today.

The roller apparently went out of control when the steel wheels of the machine began to slip on the concrete road it was descending, onlookers reported. The machine turned around and rolled backwards into a home occupied by Woodrow Thomas. Several small children were sitting on a divan on the front porch of the home, but escaped injury when the vehicle crashed into a section of the porch.

The roller was being moved to the Franklin Street shop of the Roads Department, employees said.

Auxiliary Head Will Be Honored

The new president of the State Auxiliary of American Legion, Department of Maryland, Mrs. Effie Vogel, this city, will be honored tomorrow at 9 p. m. in the lounge of Fort Cumberland Post 15.

Mrs. Vogel will be the guest of the local Legion post along with other state department officers and local auxiliary members.

A dance will be held featuring the Clara Fisher trio. The program is being arranged by Harold Davis assisted by Catherine Smith.

Robbery And Assault Case Trial Starts

Virginia Avenue Man Relates Events Leading To Attack

Testimony was started today in Circuit Court in a case against two men and a woman charged with armed robbery and assault last month of a Cumberland service station operator.

William J. Cover, 50, of 1404 Virginia Avenue, who spent a week in Memorial Hospital after he was beaten and robbed of \$350 in cash and \$100 in checks about 3:30 a. m. September 11 on Schade's Lane, was the first witness in today's case.

He told the court of the events leading up to the beating and robbery. Cover said he had been out during the evening of September 10 on a date with a woman friend and after taking her home went to Katie's Restaurant on Virginia Avenue, near the B&O "Y" to get something to eat.

Asks About Inn.

While there, a young woman whom Cover identified as Alma Mabel Johnson, asked him to drive her to Columbia Street to see some friends. Previously she had inquired how far it was to State Line Inn, he said.

When they neared Frederick Street on the way to the friends' home the Johnson woman said they probably were either asleep or at the inn. She asked him to drive to the inn, Cover said.

When they arrived there they had a beer and then the Johnson woman asked for a drink, saying she was cold, Cover testified. They left the inn and on the way the Johnson woman said she was ill. Cover said he turned off Bedford Road onto Nave's Crossroad and then into Shade's Lane. He said he stopped the car and a few minutes later two men approached with flashlights shining.

Pulled From Car

Cover said he rolled up the window and the men thrust a shotgun, butt first, through the glass. They then pulled him from the car and struck him with the weapon. He said he escaped briefly and ran a short distance up the road. One of them, whom Cover identified as Howard Maurice Iser, he said, yelled at him to "Stop or I'll shoot."

Cover said that Iser has an "odd voice" and he had recognized it today in the hall outside the court room when Iser was talking with the Johnson woman.

The third defendant in today's action was John Anthony Gray, Francis "Whitey" Davis, a B&O worker, told the court of being in the restaurant on Virginia Avenue the morning of the incident. He said he had seen a car with two men follow Cover and the woman as they drove away from the restaurant.

He made a mental note of the license as the car the two men were in pulled away from the curb without turning on the lights.

Contacts Police

When he read of Cover's beating and robbery he contacted Sgt. William F. Baker, criminal investigator for the State Police, and gave him the license number, the witness testified. He said the tags were AL 49-24 and that similar tags are not often seen in this area.

Davis said he followed the car of the two men to where they turned off North Centre Street into Frederick Street headed north. Cover's car had turned into Frederick Street just before the two men did so, Davis testified.

Davis said he did not know either of the two men charged with the armed robbery and beating but had spoken to the Johnson woman in the restaurant when she inquired the distance to the inn.

In Serious Condition

Attaches at Sacred Heart Hospital today reported Donald E. Westfall, 23, of Bowman's Addition, in "serious" condition. Westfall was admitted early yesterday with injuries suffered in an automobile accident in the Narrows.

AWARD PRESENTATION — Eighteen residents of Cumberland and Frostburg who have worked in various capacities for the Selective Service System, during the past 15 years, received awards last night at a ceremony in the SS office in the Post Office Building. Lt. Col. S. W. Wilson, deputy state director of Selective Service, and Daniel L. Ammer of Baltimore, field section supervisor, presented the awards. Shown at the presentation, left to right, are Lt. Col. Wilson, Ammer, P. Emmett Fahey, Dr. Clay Durrett, John Stewart, Noel S. Cook, Frederick A. Puderbaugh, Ralph C. Beard, Harold A. Powell, Harold E. Naughton, C. William Gilchrist and Arthur J. Weber. Others were not present when the photograph was taken.

United Fund Drive Lasts Six More Days

Hopes are running high for another successful County United Fund campaign with just six days remaining before the victory meeting at Ali Ghan Shrine Country Club Wednesday at 6:30 p. m.

The campaign is gathering momentum daily, according to Capt. Daniel K. Biggs, CUF general chairman, who urged workers to complete their assignments as soon as possible.

Meanwhile, C. M. Sanner, general campaign co-chairman of the \$339,622 drive, said "cooperation will close the books today," in referring to the Business Division.

This division is headed by William Cowherd and Glenn K. Davis who along with 50 volunteer workers must contact 875 firms and offices, giving up lunch hours or time from jobs to make their visits before the 5 p. m. closing hour most businesses observe.

"The business division works a great hardship on devoted volunteers," he said, "and, since the gifts are usually small, the personal satisfaction is not as great as in some other divisions."

He appealed to the workers to make one final push to get their jobs done, and asked the cooperation of office and business staffs in helping them complete their missions.

"Send your returns to the CUF campaign office on Union Street," he urged, "save valuable time for volunteer workers, and close the books today."

Since the Business Division goal is only \$11,850, Sanner said, all-out, community cooperation could easily achieve it by this evening.

He also had words of praise for the auditing committee of CUF, which he termed "the watchdogs of every nickel contributed by area residents."

"They audit the work of each division, each team, each individual. They make bank deposits and report daily on CUF progress. We all owe a debt of gratitude to their employers for giving them time to work on the CUF books, and it will be a big help to the auditors if their work on the Business Division can end today."

G. L. Harrison, First Federal Savings and Loan, is chairman of the auditing committee, assisted by Edward Jenkins, Celanese Corporation of America; B. W. Dyche, Kelly-Springfield Tire Company; John Schartinger, First Federal; and Paul D. Long, Potomac Edison Company.

Ride Scheduled

The Potomac Valley Riding Club will hold a trail ride Sunday from the club house on Route 28 at 11 a. m. Luncheon will be served after the ride at the club house.

Friends Aware Group To Meet With Candidates

The coordinating committee of Allegany County chapters of Friends Aware of Handicapped Children will meet with Republican and Democratic candidates Sunday, October 26, to discuss legislation affecting aims of the organization. It was announced today by John J. Long, president of the coordinating group.

Representatives from the three county chapters in Cumberland, Westernport and Frostburg will attend along with any interested persons. Long said. The meeting is set for 2:30 p. m. in City Auditorium.

Plans for the meeting were discussed Tuesday at a session of county representatives at Long's home on Ridgewood Avenue.

Officers of the coordinating group are Long, president; Victor Kalbaugh of Westernport, first vice president; Mrs. Harry Horner, Frostburg, second vice president; Mrs. Leland Ransom, this city, recording secretary; Mrs. Virginia Schilling, city, assistant recording secretary; Marcus Naughton, city, treasurer; and Mrs. Robert Ford, Westernport, corresponding secretary.

Time Limit On Appeals Urged

The Allegany County Civil Service Commission today asked the Board of Commissioners to consider setting a time limit under which an aggrieved employee can appeal a finding or decision of the commission to Circuit Court.

The commission pointed out that under the county Civil Service statute, an employee has right of appeal to the court. However, there is no time limit included in the law.

It was suggested that the county commissioners consider an amendment setting a limit of at least 10 days and no more than 30 days in which an individual can appeal.

Signing the letter were Civil Service Commissioners W. D. Pealer, William L. Wilson and Isaac T. Love.

Lights Placed On Call Boxes

Traffic policemen on Baltimore Street have been given a visual aid in carrying out their duties. Police Chief R. Emmett Flynn explained that signal lights have been installed above the call boxes at the George, Centre and Mechanic Street intersections.

Chief Flynn said the light system was adopted after it was Means To Me" and Roy Simpson discovered that the traffic direction frequently did not hear the bell ringing because of traffic noise.

The lights come on with the ringing of the bell and will remain lighted until the phone is answered, Chief Flynn said.

Historical Society Sets Open House

The Allegany County Historical Society is preparing the society's three-story home on Washington Street, for its annual open house which starts Wednesday and runs through Sunday, October 26.

Miss Ruth Clauson, president, said there will be nearly all new exhibits for those who wish to visit the home.

In its four years of existence, the historical society has amassed an impressive amount of historical data, objects, clothing, pictures and furniture as permanent displays.

As in the past three years, objects have been contributed on a loan basis by residents of this section for the open house.

Miss Clauson said one room will be devoted solely to a collection of fine antique glass and china of Mr. and Mrs. C. K. Caves of Barton.

Another room will contain pattern glass, another clothing of yesteryear, and still another antique quilts.

Miss Clauson said those wishing to loan the society quilts for the five-day open house may leave them at the home, 218 Washington Street, from 10 a. m. to 8 p. m. Monday.

Of special interest will be a number of photographs of Cumberland, Frostburg and Lonaconing people and scenes that have not been displayed before.

There are also many additions to the primitives room on the third floor. These objects are the many wooden and stone kitchen implements used in this section by pioneers.

Layman Day Services Set

Richard Randall, manager of the A. B. and F. Maintenance Company, Washington, D. C., will deliver the message at the 8 p. m. service Sunday as part of the observance of Layman's Day at Bedford Road Baptist Church.

Randall is a leader in the Christian Business Men's Association in Washington and has spoken at laymen's meetings throughout Maryland.

At a morning service, laymen of the church will present five-minute messages as follows: Robert Popp, "What It Means to Be a Christian"; Ralph Michael, "Why I Tithed"; Wood Simpson, "Why I Attend Prayer Meeting"; Carl Twigg, "What My Church Means To Me"; and Roy Simpson, "Every Man Can Be a Soul Winner."

A choir of men and boys will sing at both services. Lewis Simpson will preside at the morning service. Kenneth Simpson will be pianist for both services.

Jaycees Seeking Queen To Reign On Pancake Day

The Junior Association of Commerce is seeking a queen to reign as "Cinderella Pancake" during its second annual Pancake Day to be staged at the State Armory November 10, from 6 a. m. to 8 p. m.

Last year, Miss Sandra Tasker was named queen.

Qualifications for queen contests are that they must be single and between the ages of 17 and 25. Cash awards of \$75, \$25 and \$15 will be given the three girls receiving the most votes which are based on ticket sales.

Interested participants are asked to contact Bruce Anderson at PA 2-5011 or Glen Brant at PA 2-2073 after 7:30 p. m.

Beautification Of Park Aired

Beautification of Constitution park was discussed at a meeting yesterday at the park.

Street Commissioner John J. Long met with Superintendent Robert R. Golden and W. H. Johnson, district forester, who suggested a program for the park. Long said the department will attempt to work out some of the program including plans to develop compost for trees and shrubbery, establishment of the park's own tree nursery; and a spraying schedule.

Eventually, the program will include other areas, Long said.

Girls Accept Bids For College Sorority

Two Allegany county residents have accepted sorority bids at Western Maryland College, Westminster.

They are: Laura Jean House, Mt. Savage, and Margaret I. Stakem, Lonaconing. Both are members of Delta Sigma Kappa.

Miss House, daughter of Mr. and Mrs. James H. House, is a graduate of Mt. Savage School.

Miss Stakem, daughter of Mr. and Mrs. Edward F. Stakem, graduated from Valley High School.

Man Receives Two Years On Fund Theft

Norman R. Fletcher Was Finance Head For Local Union

Chief Judge Morgan C. Harris today sentenced Norman Raymond Fletcher, 39, of 257 Maple Street, Frostburg, to a total of two years in prison for embezzlement and forgery after being found guilty.

Fletcher, who was financial secretary of Local 24, United State, Tile and Composition Roofers, AFL-CIO, was charged with embezzlement of union funds and two charges of forgery involving union funds.

Judge Harris said: "This case, as in many criminal cases, other people are the ones who suffer. The accused has a wife and five children, but he also has a very bad prior police record. Crimes of this type are not done without planning. The court cited Fletcher's tracing of the name of George R. Petenbrink, of the union, in order to forge his name on the checks. Petenbrink's name was required as co-signer on all union checks."

Judge Harris also said that Fletcher was placed in a position of trust and he violated this trust. The sentence included one year for the embezzlement of \$1,068 and the forgeries totaled \$196.80 and \$41.62. There were other cases of checks being forged, but the state did not press the indictments on them.

An FBI report showed that Fletcher had been involved in violations of the law dating back to the mid 1930s and had served time in Ohio on a variety of charges such as breaking and entering and parole violations.

Catholic War Vets Planning Installation

George T. Loar will be installed as commander of Victor J. Tambollee Post 1712, Catholic War Veterans, in ceremonies tomorrow at 8 p. m. at St. Mary's Hall. Loar succeeds Noah Carder as commander.

Others who will take office are Francis Fannon, first vice commander; Charles Weisenmiller, second vice commander; Frank Cornachia, third vice commander; Glen Kimberlin, adjutant; Earl Humbertson, treasurer; Noah Carder, officer of the day.

Peter J. Carpentier, judge advocate; Dr. James P. Hallinan, medical officer; Roger Pisaneschi, historian; Joseph Sima, welfare officer; Ernest Weisenmiller, trustee, one year; Marco Cornachia, trustee, two years; and Thomas F. Conlon Jr., trustee, three years.

Rev. James V. Hobbs, assistant pastor of St. Mary's Church, will take office as chaplain of the post. He succeeds Rev. Lawrence P. Landrigan, late pastor of St. Mary's who served as chaplain for a number of years before his recent death.

Officiating at the installation will be Robert O'Leary, Baltimore, commander of the Maryland CWV. Other state officials are expected to attend the installation program.

The new commander said a membership drive will be launched in the near future. Other projects that are being planned include a memorial mass and a communion breakfast.

Spent Bullet Strikes WM Railway Employee

City Police are investigating a report by Western Maryland Railway Company police who claim an employee of the company was struck by a spent bullet yesterday while alighting from an engine in the firm's Ridgeley yards.

Allegedly struck by the bullet, which left a welt on his right side, was Albert W. Kiser, 51, of Hyndman. Police claim employees reported seeing two boys firing what is presumed to have been .22 calibre rifles from the Maryland side of the Potomac River in the vicinity of the Kelly-Springfield plant.

School Superintendent Makes Fund Request

Ralph R. Webster, superintendent of county schools, today requested the Allegany County Board of Commissioners to provide \$100,000 of a \$300,000 state school building loan for a payment on the work being done at Allegany High School.

Webster in his letter stated that the balance of the fund will be needed in January when the project will be about completed.

Seeks Damages

A suit seeking \$50,000 damages was filed today in Allegany County Circuit Court by Matilda Rice, 208 Polk Street, against the Ali Ghan Country Club, Inc., due to alleged injuries sustained in a fall.

PTA Program Planned

The Columbia Street School PTA will hold a "fun night" program next Friday at the school. A talent show will be a feature.

SHAPE OF THINGS TO COME — Construction of the new St. Paul's Lutheran Church on Washington Street is progressing rapidly with most of the steel work being in place and some of the brick work already begun. The cornerstone of the edifice will be laid in ceremonies Sunday, October 26, according to Rev. John F. Sammel, pastor. Presiding at the cornerstone laying will be Rev. Dr. Frank Fife, president of the Maryland Synod. The church is being constructed on the old Roman estate.

Three Girls Face 40 Years Confinement

Action Taken In Baltimore On Armed Robbery Charges

BALTIMORE (AP)—Three girls young enough to be high school bobby soxers or college coeds today faced the bleak prospect of up to 40 years each in prison for conviction of armed robbery.

A woman, 28, who served as a lookout in one of the three holdups, got a 20-year term, and a 27-year-old man was sentenced to 50 years.

Judge Michael J. Manley sentenced the five in Criminal Court yesterday.

He rejected defense counsel's pleas for leniency, particularly for the female defendants.

The judge said he could see no distinction, and that leniency might only encourage other young women to think they could get by with a career in crime.

The longest term was handed down to James P. Chiavone.

Sentenced to not more than 40 years in the Reformatory for Women were Mrs. Ruth A. DePottiers, 19; Miss Sarah Heinmiller, 21; and Mrs. Madeline A. Martellini, 17.

Miss Velia C. Frate, 28, was sentenced to 20 years.

Testimony in court revealed that the girls had their hair cut short and wore men's clothing at the time of the robberies.

Chiavone, who had a previous conviction of robbery, testified his only interest was the treatment to be given Mrs. DePottiers. He told the court she was pregnant and would be the mother of his child.

In one of the holdups a tavern keeper was shot in the leg. At a filling station, the victim was blasted with a tear gas gun and knocked unconscious with a bottle.

New Trial Sought On Tax Evasion

BALTIMORE (AP) — Herbert Kaufman, real estate dealer, was free on \$5,000 bail today pending possible moves for a new trial on conviction of evading \$99,338 in income taxes.

A Federal Court jury found Kaufman guilty yesterday of evading taxes for the years 1951 through 1954. Judge R. Dorsey Watkins with held sentencing at least a week.

Obituary

(Continued from Page 11)

son had gone to the cabin on a hunting trip with two companions. Alfred Zimmerman, Piedmont, owner of the cabin and Lynn Wilkinson, Luke. The two men found Mr. Johnson dead when they tried to awaken him this morning. Death was due to natural causes, authorities said.

Mr. Johnson had served as postmaster of Piedmont from 1933 to 1938; had been city clerk for several terms and also had been a member of the Town Council. He had been manager of the Piedmont Ice Company before retiring several years ago.

Surviving are his widow, Mrs. Bessie (Cheshire) Johnson; three sons, Greenwell P. and Oscar W. Johnson Jr., both of Keyser, Delbert Johnson, Glen Burnie, Md.; four daughters, Miss Irene Johnson, Laurel, Md.; Mrs. Galen Ludwick, LaVale, Md.; Mrs. Marjorie Ahlfeld, Piedmont, and Mrs. Francis Moran, Glen Burnie, and 12 grandchildren.

The body will be at the Boal Funeral Home, Westernport, tomorrow afternoon. The family requests flowers be omitted.

Miss Virginia Beall

Miss Virginia Beall, 7 North Waverly Terrace, died yesterday in St. Petersburg, Fla., where she had been visiting.

She was a daughter of the late James H. and Emma A. Beall.

Surviving are two brothers, A. Ward and Richard H. Beall, both of Silver Spring, and a number of nieces and nephews.

The body will be returned here and taken to the Hafer Funeral Home.

Mrs. Nellie Castle

WESTERNPORT — Mrs. Nellie Castle, 64, of 121 Johnson Street, died early this morning in Potomac Valley Hospital, Keyser, where she was admitted October 10.

Born in Westernport, she was a daughter of the late George and Ella (Toney) Cole and the widow of Hunter Castle. Mrs. Castle also had resided in Cumberland and Baltimore. She held membership in St. James Episcopal Church, the Guild and Altar Society of the church and the Ladies Shrine Club of Cumberland.

The only survivor is a niece, Mrs. Wallace Werble, Washington.

The body will remain at the

Fredlock Funeral Home, Piedmont, until 1 p. m. Sunday when it will be taken to St. James Church for services at 2 p. m. Rev. W. G. Wilson Jr., rector, will officiate and interment will be in Queens Point Cemetery, Keyser.

Friends will be received at the funeral home from 7 to 9 p. m. today and from 2 to 4 and 7 to 9 p. m. tomorrow.

Francis P. Heck

Francis P. Heck, 86, of 214 North Lee Street, died yesterday in the Allegany County Infirmary.

Born in Austria, a son of the late Sebastian and Teresa (Hoover) Heck, he came to this country as a child. The family resided in the Elk Garden and Kitzmiller area where he was a coal miner. Mr. Heck had resided here since 1940.

He held membership in SS. Peter and Paul Catholic Church, Aerie 245, F.O. Eagles, and Kitzmiller Local 2204, United Mine Workers. His wife, Mrs. Anna (Schaffer) Heck, preceded him in death.

Surviving are a son, Francis H. Heck, this city; three daughters, Mrs. Edgill R. Knotts, Baltimore, and Mrs. Lillian Adams and Miss Ann T. Heck, both of this city, four grandchildren, and five great-grandchildren.

The body is at the George Funeral Home where the family will receive friends from 7 to 9 p. m. today and from 2 to 4 and 7 to 9 p. m. tomorrow.

Mrs. Gonda S. Silvestri

Mrs. Gonda S. Silvestri, 67, widow of Ugo Silvestri, died yesterday at the home of a son, John D. Silvestri, Arlington, Va.

A native of Italy, Mrs. Silvestri had resided in Cumberland from 1921 to 1939 before moving to Arlington.

Surviving, besides the son with whom she resided, are another son, Lt. Col. Armand J. Silvestri, Fort Bragg, N.C.; a sister, Mrs. Victor Veneglia, Missouri Valley, Iowa, and several brothers and sisters in Italy.

The body is at the Stein Funeral Home where the family will receive friends today from 7 to 9 p. m. and tomorrow and Sunday from 2 to 4 and 7 to 9 p. m.

A requiem mass will be celebrated Monday at 9 a. m. at SS. Peter and Paul Catholic Church by Rev. Marius Elscner, OFM, Cap., pastor. Interment will be in the parish cemetery.

Jet Age Weather

WASHINGTON (UPI) — The Civil Aeronautics Administration is purchasing ultra high-speed equipment to transmit weather reports fast enough for the jet age.

The first Christmas tree, as we know it, is supposed to have been erected in Germany at the time of Luther.

West Virginia Workers May Get 2 Checks

Auditor Agrees To Program In Effort To Speed Up Pay

CHARLESTON, W. Va. (UPI)—West Virginia state employees who thought they would have to wait until mid-November to receive October paychecks can now expect one-half of the amount at the end of the month.

State Auditor Edgar B. Sims said today he had agreed to permit those department heads who wanted to, to make half-month payroll vouchers now and submit them for approval. He said he would honor them and pay them on the end of the month.

Sims announced earlier this month that he would not issue pay checks until after employees had completed a full month of work. He said at the time he felt it was illegal to certify in advance on a payroll voucher an employee had been on the job. This procedure had been followed in preparation of payrolls so they could be paid on the final day of the month.

"I don't want to be a dictator about this thing," Sims said. "If department heads want to prepare a payroll for the first half of the month and submit it, I'll pay it."

Sims said though he still felt he was right in withholding pay until after employees complete their work and he cited a section of the state constitution which prohibits payments for goods and services until after they have been rendered.

Gov. Cecil H. Underwood challenged Sims' authority to change the pay date and requested State Atty. Gen. W. W. Barron to render an opinion on the legality of Sims' stand. Underwood cited a provision of state law which requires that state employees be paid once within each 31 day period.

Advertising Tax Ruled Illegal

ANNAPOLIS (AP) — The Court of Appeals ruled today that Baltimore's controversial advertising tax is illegal and void.

The state's highest court affirmed a Baltimore circuit court ruling which struck down the tax on grounds that it impedes freedom of the press.

The ordinance in question imposed a four per cent sales tax on the purchaser of advertising and a two per cent gross receipts tax on the proceeds from such sales.

The tax went into effect last January 1, but it has since been repealed by the City Council, effective next January.

The high court's decision means the city must return about \$1,500,000 collected so far this year from newspapers, radio and television stations, billboard companies, and their advertisers.

Woman Nabbed After Robbery

LAUREL, Md. (AP)—A woman bandit, who said she was carrying a bomb, robbed a Laurel diner of \$116 shortly after midnight today.

About four hours later, Laurel police arrested Rose Teresa Green, 38, of Laurel, within a block of the diner. Police Chief John Shackelford said she admitted the robbery and said she gave the bulk of the money to a man whom she did not identify.

Police said she had \$36 in her pocketbook.

The night operator of the diner said the woman told her she had a bomb under a napkin and would drop it unless she received all the money in the register.

Shackelford said the woman said she had her pocketbook under the napkin.

Violations Charged In Vote Registration

By The Associated Press

Baltimore attorney Hyman A. Pressman says he will turn over to the State's attorney today evidence of "criminal violations" in connection with voter registrations in two Baltimore City districts.

In a telegram to State's Atty. J. Harold Grady yesterday, Pressman urged that a grand jury representative attend a meeting next Tuesday of the Board of Elections Supervisors when challenges against voting eligibility will be heard.

"If you have knowledge of evidence concerning any violation of the criminal law," Grady replied in a letter to Pressman, "this evidence should be laid before the grand jury at the earliest possible moment."

Pressman said last night he had such evidence, would show it to Grady and would "be glad to go before the grand jury at any time."

Earlier this week the forces of Democratic boss Jack Pollack filed 1,751 challenges against voters registered in his home Fourth District. Most were against Negroes who had registered as Republicans.

At the same time, an all-Negro coalition of Democrats and Republicans challenged the eligibility of 643 persons in the district. Pressman had a hand in preparing those challenges and also with another 145 filed in the Second District.

The election board yesterday cut the Pollack list to slightly under 1,200 and cut 10 from the coalition list. It said the challenges were discarded because they listed names and addresses of persons for which the board has no current record.

Pollack is a supporter of Mayor Thomas D'Alesandro, who seeks the U. S. Senate seat now held by Republican J. Glenn Beall.

Pressman, a frequent critic of the D'Alesandro administration, has been hired during the campaign to attack the mayor.

While the Democratic ticket toured Baltimore County, D'Alesandro issued a statement saying he has learned that Beall is pleading for President Eisenhower to be re-elected in Maryland.

The mayor said he had learned

that Eisenhower had been told, lead in eliminating pollution in those waters.

Beall toured Calvert and Charles counties, where he spoke of problems of interest to the area residents.

The senator said he and Agriculture Secretary Benson are working out a plan to sell or barter surplus Maryland tobacco in the world market. Beall said he would introduce the necessary legislation in the next Congress.

Beall also deplored the decline of fishing and oystering in the Potomac River and Chesapeake Bay and suggested it was up to the federal government to take the

Bible Society Receives Odd Aid Requests

Official Reports
Demand Increasing
Throughout World

By LOUIS CASSELS
Not long ago, the American Bible Society received an urgent letter from one of its distribution agents in northern Japan. He reported he was being "grievously molested" by bears in his mountainous territory. He wanted a "good loud bell" to scare them off.

The society shipped him a bell by return mail.

"You have to be prepared for this sort of thing," said Dr. Robert T. Taylor, general secretary of the society, "if you are going to distribute Bibles on a global basis."

The American Bible Society was founded in 1816 to supply Bibles to families who were moving westward with America's frontier. The thoroughness with which it performed this mission was at least partly responsible for the fact that 19th Century America became a "Bible-reading nation."

Americans today are abundantly supplied with Bibles, whether they read them or not. So the society concentrates its efforts primarily on making the scriptures available in other lands.

Distribute Millions of Bibles
Last year it distributed more than 15,000,000 Bibles, Testaments and Gospels on every continent of the globe. This year it hopes to surpass that record.

"There is an increasing world demand for the Scriptures," Taylor said in an interview. "In the undeveloped countries, 20,000,000 adults are learning to read each year. For many of them, a Gospel in their own language could be their first reader — if supplies were adequate."

Taylor said Bible distribution is one form of Christian evangelism that has not been affected by the rising nationalism of Asian and African countries. The Bible is a product of the Middle East, and it is still welcome in many countries where foreign missionaries find their work severely handicapped by antagonism toward the Western white man.

"It is easy to talk glibly about the Bible being a 'universal book,'" Taylor said. "But after a lifetime in this business I am still awed by the way it seems to transcend all barriers of race, nationality and culture."

"It can be translated into any language, and the people who read it will find a message they can understand — a message that speaks to their deepest needs."

Has Been Widely Translated
Through the efforts of the American Bible Society and companion groups in 22 other countries, the entire Bible has now been translated into 215 languages. The New Testament is available in an additional 270 languages, and individual Gospels in 642 others, a grand total of 1,127 languages.

"This sounds like an impressive accomplishment," said Taylor, "until you remember that there are still more than 1,500 languages and dialects, spoken by more than 100,000,000 people, without any Bible at all."

Publication of the Bible in a new language is not merely a matter of translation. In many instances, the society has had to design type faces for a language in which no printing has been done before. Occasionally, it is necessary to reduce a spoken dialect to writing in order to produce a Bible in that tongue.

As a matter of long-standing policy, the society tries to sell Bibles rather than give them away. "We have learned," Taylor explained, "that people are much more likely to read a book that they have bought than one which was simply handed to them."

Doesn't Cover Costs
But the price tag which the society places on its Bibles is usually only a fraction of the printing costs. The selling price is always based on the amount that

High Court Gets Jobless Benefits Case

ANNAPOLIS (AP)—The Court of Appeals has taken under advisement a case involving jobless pay benefits of a Salisbury man.

The Maryland Employment Security Board brought the case to the high court. It sought a reversal of a Wicomico County Circuit Court order which in turn had reversed the board's decision to deny benefits to Linwood M. Leates.

The ESB contended Leates was discharged from his job with a canning company because of deliberate and willful misconduct connected with his work.

Leates' alleged misconduct stemmed from unauthorized use of a truck of the John H. Dulany and Sons. The truck reportedly was taken after working hours and Leates failed to report an accident with it.

Circuit Judge Rex A. Taylor ruled such misconduct was not deliberate and willful, nor connected with his work, as spelled out in the unemployment compensation statute.

the buyer is able to pay. The rule of thumb is to charge the equivalent of one day's pay at the wages rates prevailing in the area.

If a person wants a Bible and is unable to pay even a token sum for it, the society gives him one free.

Its losses are covered by contributions from 55 U. S. Protestant denominations which have appointed the society as their joint Bible distribution agency, and from about 500,000 individuals who buy the society's distinctive Christmas seals.

Income from these sources has been running about \$3,000,000 a year. Taylor's ambition is to double this budget — and double the society's worldwide distribution of Bibles — within the next five years.

"There is a great need for haste," he said. "Doors which are open now may close."

Campers, Fort Hill In Big CVAL Tilts Tonight

Martinsburg Plays Here, Red Raiders At Hub City

Tonight could be the evening of decision for the unbeaten Fort Hill gridders and Allegany Campers.

The Sentinels, riding on a 16-game victory streak, will take their mark to Hagerstown to tangle with the much-improved North Hagerstown Hubs in a big Cumberland Valley Athletic League hassle. The victor could go on from tonight's clash to the title.

Allegany, surging back since the 39-14 loss to the Hubs three weeks ago, is still in the seven-burg Pirates has played base and chances with a victory when he on every occasion he has turned crowd-pleasing performances.

His first visit is one that never will be forgotten. Coming to Cumberland with a group of former college stars, Groat and his party were involved in an automobile accident on snow-bound Route 40. The players left the wrecked car, hitchhiked to Cumberland and showed up almost two hours late.

Groat, although it was no fault of his own, was most apologetic. Many of the fans had gone home but he insisted on playing and his club even stayed over to play another game the following night.

Not once has Groat failed to put in a scheduled appearance in Cumberland. And counting Dapper Dan dinners and basketball games, he has been here more than a half-dozen times.

A telephone call to his home this morning in Pittsburgh revealed that Dick has added several names to his Sunday roster. They are Paul Smith, Bobby DeGrecio and Ken Aspromonte.

Smith, a native of New Castle, Pa., played outfield and first base for the Pirates last year, but was released to the Chicago Cubs this past May and wound up the season with Minneapolis in the American Association.

DeGrecio, another ex-Pirate, played with the New York Yankees last year in the outfield but this past season found him with the Yanks' Richmond farm team in the International League.

Aspromonte, traded to the Washington Senators this year by the Boston Red Sox for catcher Lou Berberet, held down second base for the Nats in 1958.

Altogether Cumberland area fans will see three players here Sunday who batted .300 or better in the major leagues this year. Groat and Nellie Fox (Chicago White Sox second baseman) each hit an even .300, while Jerry Lynch belted the ball at a .312 clip for the Cincinnati Redlegs. Lynch will play third base here.

Aspromonte is the only player of whom Groat is not sure of making the trip. "I've been trying to get Ken on the telephone for several days and I'm sure he'll be glad to play in Cumberland," Dick declared. Aspromonte, incidentally, was the batting champion of the Pacific Coast League in 1957, hitting .334 for Sacramento.

Ray Face, the Pirates' great relief pitcher of 1958, will do the chucking for Groat's team here and Chuck Tanner of the Chicago Cubs will be in the outfield. Several minor leaguers will also be in the party.

Bill Keegan, who is promoting the game, with profit going to Cumberland's Dapper Dan Club for a Little League park, says that Lefty Grove will throw out the first ball to open the game at 1:30 p. m.

Maybe Keegan could talk the 55-year-old Hall of Fame left-hander from Lonaconing into digging one of his old Philadelphia Athletics or Boston Red Sox uniforms out of mothballs and pitch an inning for the barnstormers in the Sabbath exhibition.

"We would be highly honored if Lefty pitched for us," Groat said this morning when told of the suggestion.

Incidentally, the barnstormers will come here from McConnellsburg, Pa., arriving before noon. The team played last week in Youngstown, Ohio and New Castle, Pa. This week the barnstormers played in McConnellsburg, while a doubleheader is scheduled for tomorrow, an afternoon game in Chambersburg and a night game in another city.

The major leaguers will dress at the Central YMCA because playground equipment is stored in the Penn Avenue dressing room. Keegan said he hopes to arrange a brief autographing session before the game for the benefit of youngsters.

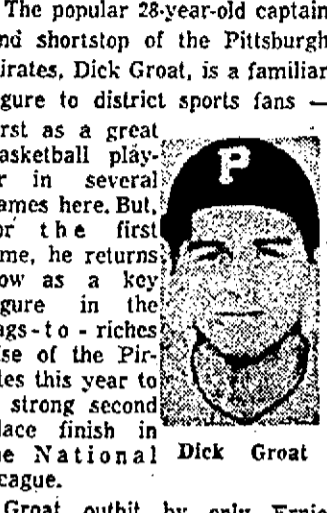

Umpires will be furnished by the Tri-State Umpires Association. Kenneth (Sookie) Grimes will work behind the plate, with George Geatz and Al Martin on the bases.

Loman (Chad) Riley, public relations director of the Allegany Ballistics Laboratory at Pinto, and former local radio man, will be the public-address announcer.

Meet Dick: Groat To Visit First Time As Diamond Star

This is the sixth and last in a series on major league personalities who will appear with Dick Groat's baseball barnstormers against the Pen-Mar League All-Stars this Sunday at Penn Avenue Field.

The popular 28-year-old captain and shortstop of the Pittsburgh Pirates, Dick Groat, is a familiar figure to district sports fans — first as a great baseball player in several games here. But for the first time, he returns now as a key figure in the rise-to-riches of the Pirates this year to a strong second place finish in the National League.

Groat, outbatted by only Ernie Banks of the Chicago Cubs as a shortstop in 1958, just completed his fifth season as a big leaguer with an even .300 average. Banks, power-hitter of the Bruins, socked .313 for the Cubs in 1958.

Dandy Dick is already in a class with Hall of Famers Eddie Collins and Frankie Frisch, in that he, too, jumped right off a college campus into major league baseball and never served an apprenticeship in the minors. A truly gifted athlete, Dick, who scored 1,783 points for the Duke University cagers, was also a standout in his college days, twice being an All-American in both sports.

The Swissvale, Pa., native is a six-foot, 175-pounder who was regarded as the best shortstop in the major leagues over the last half of the season. His play in the field and timely hitting were one of the chief reasons the Pirates gave the Milwaukee Braves a run for the money down to almost the final week of the season.

A right-handed swinger, Groat batted out 175 hits in 1958 and raised his lifetime average three points to .288, an increase of three points over his previous four-year showing. For his career, Groat has 723 hits while his peak year was 1957 with a .315 average that was curtailed sharply following an ankle injury early in the campaign after a fast start.

In '58 Groat was second to New York's Orlando Cepeda in doubles, the Giants' rookie first-sacker leading the circuit with 35 while Dick collected 36. The Muc shortstop batted in 66 runs.

In the field, Groat broke his own team record established in 1957. His .973 average eclipsed the .968 of two years ago and his eight points above the previous high of .965 held by Walter "Rabbit" Maranville in 1953. Groat had 293 putouts and 441 assists while committing only 20 errors and participating in 117 double plays. He was third in the league percentage-wise.

The reliable Groat has teamed with second-baseman Bill Mazeroski the past two years to give the Pirates one of the youngest, best hitting and slickest fielding keystone combinations in the majors.

Groat's father, Martin, started Dick and his brothers on athletic careers when they were youngsters. Their first instructions in basketball and baseball came from Martin Groat. At Swissvale High School, Dick showed just how well his father and his other coaches had taught him. He

Pirates Vote Sisler Full Series Slice

NEW YORK (UPI)—The Yankees sliced their World Series melon like world champions, but they're pikers alongside the Pirates.

Maintaining their traditional World Series generosity, the Yankees cut in such part-timers as Sal Maglie, Virgil Trucks and Murry Dickson for huge chunks in the division of the series spoils made public by Commissioner Ford Frick Thursday.

All told, 32 members of the Yankees will each collect a full share of \$8,750.10 in the mail today while 31 members of the losing Braves each will receive \$5,896.08. The Pirates, who finished second to the Braves in the National League race, came through with the most generous gesture of the year—and maybe even in World Series history—when they voted a full share of \$1,507.04 to their batting instructor, George Sisler.

Not Regular Coach

Sisler, a Hall of Famer, is not a regular member of the Pittsburgh coaching staff but he puts in long hours teaching Pirate batters how to hit, is immensely popular with all of them and the size of his share was a token of their appreciation.

"I think this is the first time a batting coach ever was so appreciated," Frick said. "I think it's a fine thing."

Frick also said he thought both the Yankees and Braves were "very generous" with their splits. The Yanks voted a half share (\$4,379.54) to Maglie and three-quarters of a share (\$6,569.33) to Dickson, who joined them Aug. 22, and full shares to Trucks and Duke Maas, who were obtained from Kansas City on June 15.

The Braves listed financial awards to several non-players, including door men and parking lot attendants at Milwaukee's County Stadium.

Duren Gets Deduction

Yankee pitcher Ryne Duren will find \$250 deducted from his winning share as a result of a fine levied by Frick for a "check-up" gesture he made at umpire Charlie Berry during the sixth game of the series. And 22 members of the Braves will find \$50 missing from their shares for prematurely disclosing how they voted to split their money.

Both the winners' and losers' share were the fourth highest in history. The record high for a winner was \$11,147.90 each member of the Giants received in 1954 and the record loser's share was \$6,934.34 set by the 1956 Dodgers.

A full share for the second-place White Sox this year was worth \$1,518.94 and for the Pirates it was \$1,507.04.

The third-place Red Sox drew \$995.90 for a full share while the third-place Giants, who voted fewer full shares, netted \$1,031.14. A full share for the fourth-place Indians came to \$518.81 and \$567.23 for the fourth-place Redlegs.

Stuhldreher, Goldberg In Hall Of Fame

NEW BRUNSWICK, N. J. (UPI)—Harry Stuhldreher today joined Elmer Layden as the second of the legendary four horsemen of Notre Dame to be elected to the football Hall of Fame.

Stuhldreher, quarterback of the Notre Dame 1922-24 backfield that included Layden, Jim Crowley and Rip Miller, was one of nine new members named to the hall.

The six living selectees will be honored at the first annual award dinner of the National Football Foundation and Hall of Fame at the Hotel Astor in New York Oct. 28.

Coach Ray Watson of Tech said he had studied scouting reports of Shepherd and felt his team would have its hands full. Watson said two of his regulars were injured in the Morehead game and not expected to play in the game that will mark Shepherd's homecoming.

Out with injuries were halfbacks Robert (Froggy) Young, second in the league in ground gaining, and defensive end Larry Phillips.

A win by Tech and defending champion Fairmont over Salem would find the two in a showdown battle for the loop title at Montgomery next weekend.

The Bears lead the conference with a 3-0 record. Shepherd is 2-0-1.

Chualvo Favored In Garden Battle

NEW YORK (UPI)—Heavyweight contender George Chualvo, who once knocked out four men in 90 minutes, is favored at 7-5 to beat classy Pat McMurtry tonight in their twin TV and New York debuts at Madison Square Garden.

Fresh from winning the Canadian title on a first-round kayo, dark-haired, bull-shouldered Chualvo of Toronto, Ont., will square off against Irish Pat, the clever, hard-hitting ex-Marine sergeant from Tacoma, Wash., at 10 p. m. e.d.t.

Their 10-round bout will be televised and broadcast nationally by NBC.

From this battle of attractive "new faces" may emerge a winner who can help restore the waning prestige of heavyweights on this side of the Atlantic as a result of upset victories by Europeans over Zora Folley, Eddie Machen, Willie Pastrano and Argentina's Alex Miloff.

Neither George nor Pat has been stopped or even floored.

Tech Meets Shepherd In Headline Tilt

CHARLESTON, W. Va. (UPI)—West Virginia Tech travels to Shepherd, a team it has beaten nine of 10 times, in the headliner of the weekend college schedule involving West Virginia Conference teams Saturday.

Other league games find West Virginia State at Bluefield State, West Liberty at Concord, Potomac at Davis & Elkins, and Fairmont-Wesleyan at Weston. Bethany entertains John Carroll in the only non-league game.

Two games were played Thursday night. Pitt's Frosh blasted the West Virginia University Little Mountaineers 35-0 and Glenville kept its unbeaten record intact with a 20-0 win over Wesleyan.

Four players shared in the Glenville scoring. Emmett Wilson, Jack Campbell and Glenn Proctor scored touchdowns and Gene Alkire kicked two extra points.

The Pioneers were in command of the situation throughout the game.

Tech Needs Victory

Tech needs a win over Shepherd to remain in contention for the league title. The Rams' best effort against Tech was in 1950 when neither team failed to score. The Golden Bears' ninth victory over Shepherd was a 32-14 win in 1951.

Coach Ray Watson of Tech said he had studied scouting reports of Shepherd and felt his team would have its hands full. Watson said two of his regulars were injured in the Morehead game and not expected to play in the game that will mark Shepherd's homecoming.

Out with injuries were halfbacks Robert (Froggy) Young, second in the league in ground gaining, and defensive end Larry Phillips.

A win by Tech and defending champion Fairmont over Salem would find the two in a showdown battle for the loop title at Montgomery next weekend.

The Bears lead the conference with a 3-0 record. Shepherd is 2-0-1.

Ballymoss Entered In DC International

NEW YORK (AP)—Ballymoss, Europe's most famous horse in recent years, is going to get a chance to show he can beat all comers, whether they be American, Australian, English, Italian, German, French or Russian.

The 4-year-old Irish-bred colt, for whom John McShane paid \$13,230 as a yearling, has been officially entered the Nov. 11 running of the \$100,000 Washington D.C. International at Laurel.

Auburn's 17-Game Win Skein On Line

By FRED DOWN
United Press International

Auburn puts its 17-game winning streak in jeopardy and Wisconsin places its Big Ten title hopes on the line Saturday in the top games of a college football schedule "loaded" with conference battles and potential upsets.

Army's top-rated Cadets, 14-2, conquerors of Notre Dame, are a 2-2 record. Vanderbilt is at 27-point choice over Virginia in Florida and Alabama at Tennessee, what appears to be a "breather" see in other Southeastern Conference games.

Buckeyes Over Indiana

Ohio State, ranked fourth, is a heavy choice over Indiana, fifth, but is reported in very poor physical condition for Saturday's game.

Auburn, considered the country's No. 1 defensive team, goes to 27-point choice over Virginia in Florida and Alabama at Tennessee, what appears to be a "breather" see in other Southeastern Conference games.

Four players shared in the Glenville scoring. Emmett Wilson, Jack Campbell and Glenn Proctor scored touchdowns and Gene Alkire kicked two extra points.

The Pioneers were in command of the situation throughout the game.

Irish Over Duke

Notre Dame is expected to rebound from the loss to Army by beating Duke handily in the day's top intersectional contest. In other intersectionals, sixth-ranked Navy plays Tulane, North Texas State is at Brigham Young, the Air Force Academy plays Stanford, Nebraska is at Syracuse, and Pitt is favored over West Virginia.

Ninth-ranked Louisiana State, with a surprising 4-0 record, has an important Saturday night date with Kentucky, the team that beat Georgia Tech and is considered top-grade stuff despite

Bob Reifsnyder Out Indefinitely

ANNAPOLIS (AP)—Star Navy tackle Bob Reifsnyder is still listed as "out indefinitely" with his heel injury.

A Navy physician, Dr. James McHale, said yesterday Reifsnyder says his injured leg feels good with the brace but it hinders his playing. Trainers have tried to use tape for support but progress has been slow.

Reifsnyder injured a leg tendon before the season began. Two weeks ago Baltimore bone specialist Dr. George Bennett fitted the tackle with a special brace in hopes he could play against Tulane at Norfolk tomorrow.

Mountaineers Upset Minded For Pitt Game

By JOHN CARROLL

PITTSBURGH (UPI)—The "invasion" was on today as an upset band of Mountaineers from West Virginia University headed here to do battle with the Pitt Panthers for the 51st time.

Also headed north was the first wave of an estimated 10,000 to 15,000 never-say-die Mountaineers, ready to "shoot the works" during their fall football fling into the domain of their No. 1 enemy—Pitt.

So forget about that 13-point spot favoring the once-beaten Panthers. And forget about those three losses in a row suffered by WVU's forces.

When these two teams mix it up, there's no telling what the outcome may be. For example, in their last six meetings the underdog came out on top five times. The sixth time, the favorite (Pitt) managed to crawl home from Morgantown with a split-hair 14-13 victory despite being soundly thrashed for 60 solid minutes of rib-jarring football.

Hold Dress Rehearsal
Coach Art (Pappy) Lewis' squad was scheduled to hold a dress rehearsal workout at the Pitt Stadium battle site this afternoon after motoring to Pittsburgh by bus shortly after noon. The team then will be down for the night at the Jacktown Motel near Irwin, Pa.

If the Mountaineers have one thing going for them, it could be the fact the Panthers may be looking ahead to their clash next week with Army—a situation that could provoke disaster.

Army has its "lonesome end" and the nation's top collegiate grid ranking. WVU may not be found in the top 20, but the whole team undoubtedly is "lonesome" for victory.

After winding up heavy drills, Coach Johnny Nicholson said his boys "can't afford to look ahead."
"We'll have to go all out to win over West Virginia," there's no letting up," Big John insisted. "This is a must game for them. They're not coming up here just because we're on the schedule."

"Strikes" Against Fans
While the opposing teams awaited the 1:30 p.m. Saturday kickoff, West Virginia fans—oozing with "football fever"—counted two "strikes" against them.

One was a 17-day hotel strike that choked off accommodations for week-end visitors and the other was a strike against Capital Airlines that cancelled out flights between Charleston, W. Va., and Pittsburgh. A Capital spokesman at Charleston said the week-end flights had been "booked solid," mainly by fans hoping to see the game here.

But strikes or no strikes, the anticipated arrival of the Mountaineers was felt two days in advance of game time. Somebody sneaked into Pitt Stadium under cover of dark to do a little off-cuff publicity work.

When caretakers reported to the stadium Thursday morning, they saw emblazoned on the facade of the gigantic press box the words in big white letters: "Beat The H— Outa Pitt—WVU."

Groat To

(Continued from Page 14)
earned three letters each in basketball and baseball.

Following his graduation he entered Duke University where, in his senior year, he topped the nation's college scorers.

Dick, after obtaining a college degree and bonus, reported to the Pirates who were playing in New York. He was in the starting lineup that day, June 19, 1952, against the Giants and finished out the season as a Pirate regular, hitting a respectable .284.

Serving in the Army in 1953, he starred on Army team while stationed at Fort Belvoir, Va. The Engineers won the World Wide Army baseball and basketball titles in 1953, marking the only time in history that the same Army base has won both honors. Dick hit .362 and .377 for the baseball team those two years and averaged 35 points a game for the courtmen.

It was during his service time that Groat made his first appearance in Cumberland. He played against the local pros and still holds the area record for most points (64) in a game.

Dick's return to major league baseball was eagerly awaited by the Pirate management and the Forbes Field faithful. He hasn't let them down, his hustle and take-charge attitude being reflected in the improved play of his teammates.

Groat is married to the former Barbara Womble and they have two daughters. During the off-season he works for a national shoe manufacturer and serves as a season ticket salesman and general goodwill ambassador for the Pirates.

Other major-league stars to appear with Groat here Sunday will be Roy Face and Ronnie Kline, of the Pirates, Nellie Fox of the White Sox, Jerry Lynch of the Redlegs and Chuck Tanner of the Cubs.

Tickets for the game, being played for the benefit of a Little League park for Cumberland under the sponsorship of the Dapper Dan Club, are on sale at the usual downtown agencies.

Hoople Refining Process Assures Perfect Picks

By MAJOR AMOS B. HOOPLE

(Original Lonesome End)
EGAD! I have been baffled, since the season's outset, by the high frequency of ties—which because of my integrity are counted as losses—among the Hoople football predictions.

For example, Handley, rather than pull the upset of the year or even settle for a tie against Fort Hill, was clobbered by the Red Raiders, 38-6. Just when I had spent countless evenings coming to the conclusion it would be 14-14. GAD!

Zillions of readers have come to place absolute reliance upon Hoople throughout the years. Hakkai! I am told more than a few have supplemented their income each fall by placing small wagers on my predictions.

Therefore, I was faced with the additional problem of trying to read possible ties into my picks again this week. A refining process was called for.

The fractions were broken down to their lowest common denominators, as it were! Out of this has come an unwavering, steel-hard conviction that my predictions this week will be 100 per cent correct. In fact, I haven't called one draw.

Let me stand fast. Tonight, without a qualm, it will be Fort Hill and Allegheny winning. La after motoring to Pittsburgh by bus shortly after noon. The team then will be down for the night at the Jacktown Motel near Irwin, Pa.

I have also noted that there will be a winner between Pittsburgh and West Virginia, an upset at that. And the same for North Carolina and Maryland. Without any more hassle, read on:

George Washington, Spiders Play Tonight
By United Press International
George Washington's Colonials will seek to take over exclusive possession of first place in the Southern Conference tonight by beating a spirited squad of Richmond Spiders who are still looking for their first victory.

The game at Washington, D.C., is the only conference match on the schedule this weekend. The Colonials now stand 1-0 in league play, good for a first place deadlock with Virginia Tech, Davidson and West Virginia.

Potomac Clear Past Washington County
THURMONT, Md. (AP)—The Potomac River past Washington, Frederick and Montgomery counties is clear and normal, the Game and Inland Fish Commission reports.

In sizing things up for the weekend, the commission said fishing for crappies should be good in Tridelpia Lake but bass fishing prospects are poor.

At Liberty Dam, crappie fishing was reported good and bass fishing fair.

"Little Women" Played With Oodles Of Gush

By WILLIAM EWALD
United Press International
NEW YORK (UPI) — Thursday night, CBS-TV's one hour special, "Little Women," made an important contribution to television: it pre-empted "Yancy Derringer" and "Zane Grey Theater."

However, it might have been more fitting if "Little Women" had pre-empted "Mickey Mouse Club." As a prime time 60-minute offering, it was, as they say in show biz, bombs away. Or, as the straitjacket of military life they say in more civilized circles, simply awful.

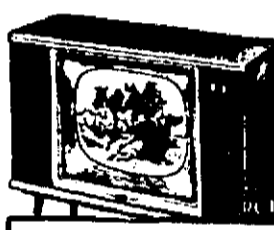

Faced with an almost hopeless task, the production was that it never antique like the Louisa May Alcott really focused in hard and clear story, the decision backstage on itself. It spent a good deal of time in a thick coating of frills matters instead of digging into its own core.

Most of them fended rather than Jack Carson who carried the burden of the show. Carson seemed peculiarly. Bill Hayes and Roland in Winter decided to play it broadly, mouthing his lines. However, he Rise Stevens decided to play it did play a couple of scenes straight. And Margaret O'Brien, Jeanne Carson, Florence Henderson, call to his errand wife; the other son and Zina Belhune decided to play it—and believe me, that was a big mistake right there.

In a swampland like Thursday night's show, a reviewer grasps at straws to find something nice. Okay, here are some straws: Winters and Miss Belhune did a not-bad job to "Dance, Why Not?" and Miss Carson sang "Man of the Family" with enthusiasm. Also, no cameras or lights or scenery fell. But they should have.

PPG Office Staff Furloughs Begin

Pittsburgh Plate Glass Com-
pany officials in Pittsburgh have
disclosed that office workers are
being furloughed as a result of
the strike which began early this
month.

To date, the strike has had no
effect upon clerical workers of
the Cumberland plant, but a
spokesman said they will be af-
fected if the strike continues.

Local 180, United Glass and
Ceramics Workers, struck work-
ers here at midnight on October 7.
Some 23,000 members of the
United Glass and Ceramics Work-
ers went on strike against Pitts-
burgh Plate and Libbey-Owens-
Ford early this month over non-
wage issues.

Negotiations have been in re-
cess since Sept. 27 and no further
talks have been scheduled.

LaVale Zoning Board Sets Public Hearing

A public hearing for a use and
occupancy permit will be held by
the LaVale Zoning Board Friday,
October 31 at 8 p. m. at LaVale
Fire Hall.

Seeking the permit is Rish
Equipment Company, Bluefield,
W. Va., for property at 926 Nat-
ional Highway.

Rish Equipment Company
seeks the permit for the sale and
service of heavy-duty construc-
tion equipment on the premises.
This property is owned by Harry
L. Lucas and Dorothy Lucas, his
wife, who are conducting a
trucking, automobile repair and
parts business as a non-conform-
ing use in a Commercial "A"
zone, according to the LaVale
Zoning Ordinance and map.

Three hundred thirty-six new
laws were passed by the 1957
Ohio Legislature.

Card of Thanks
We wish to thank our friends, relatives and neighbors for the kindness shown us during our recent bereavement, the death of Earl James Long. We especially wish to thank the pallbearers, those who sent flowers, donated cars or in any manner assisted us. THE LONG FAMILY

We wish to thank all our friends and neighbors for their kindness and sympathy shown us during our recent bereavement, the death of our husband and father, Albert D. Hook. We want also to thank the V.F.W. of Mt. Savage and anyone who helped us in any way. WIFE AND CHILDREN

In Memoriam
In sad but loving remembrance of our daughter and granddaughter, Shirley Jean, who departed this life 13 years ago, Oct. 17, 1945. Peaceful be thy rest, dear child. "Thy sweet to breathe thy name, In life we loved you dearly." In death we do the same. We never shall forget you, Shirley, While in this world we stay. We hope that we shall meet again, When God calls us away. Sadly missed by her mother, Mrs. Oliver E. Hook, father, Mr. and Mrs. Charles Weinberger.

Your Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Saturday, October 18

MARCH 21 to APRIL 20 (Aries) — Capitalize on activities which fascinate you and for which you are especially gifted. Remember that while you like to originate plans you generally dislike the detail that goes with them. Both are essential.

APRIL 21 to MAY 21 (Taurus) — Correct past mistakes quickly, early. You have, so use the ability to promote harmony among others. Your talents and organization may be in especial demand now. Be alert.

MAY 22 to JUNE 21 (Gemini) — Keep cool even though the competition may be hot. You are blessed with an artistic mind and an imaginative nature which can be the stepping stone to success. Seek wise counsel to guide you in planning.

JUNE 22 to JULY 23 (Cancer) — A stimulating period! Maintain a pace suitable to your demands — and your health. Support your decisions with a well-executed program. Taboo underhanded.

JULY 24 to AUGUST 23 (Leo) — You are happiest when you can dispense charity and hospitality. As time allows, give generously of both and you will find this a highly enjoyable day.

AUGUST 24 to SEPTEMBER 23 (Virgo) — You have an immense fund of reserve energy. Call on it judiciously, yet spare it. Your powers of arbitration may be in handy now. Maintain your innate serenity.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Day of sentimental matters, home and family interests. Indulge in some rest and relaxation.

OCTOBER 24 to NOVEMBER 23 (Scorpio) — So unusual returns will be forthcoming immediately, yet you can use this day to advance your intentions and lay the foundation for future action perhaps in some new field.

NOVEMBER 24 to DECEMBER 23 (Sagittarius) — Avoid over-enthusiasm. A few perplexities. Face them and, with confidence and your innate good judgment, you can solve them handsily.

DECEMBER 24 to JANUARY 20 (Capricorn) — Don't let things confuse you as they usually do. You have a tendency to do now. You may be momentarily stumped but, with calm steadiness and logic, you can work out of them.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Under specially good aspects now, engineering, electronics, statistical work, analysis, planning, organizing, aeronautics. Let nothing battle you.

FEBRUARY 20 to MARCH 20 (Pisces) — Know where and when to act, and do not hesitate when action must be taken. Look out for bias, indefiniteness or confusion.

YOU RUSH TODAY are innately reasonable, pleasant and sensible. You have little to worry about in life's problems. You are roundly talented, able and have a great amount of common sense and intuition. Don't be too set in your ideas and ways. It is important to keep up with progress. — *Blanche Thomas Love, Astrologist, poet.* (Kink Features, Inc.)

Club Officers Draw Fine On Gaming Count

Guilty Plea Made By Licensees After Jury Trial Waived

Licensees for Fort Cumberland Chapter 2, Disabled American Veterans, yesterday afternoon were fined \$250 after they pleaded guilty to a gaming charge.

The fine was imposed upon Leo V. McGann, president; Dennis W. Bobo, vice president; and Harry L. Hickie, trustee, who hold the liquor license for the DAV headquarters at 113 South Centre Street.

The hearing was held before Trial Magistrate Morris Baron here about two hours after liquor board inspectors went to the DAV center to check on a complaint.

The charge placed against the DAV officials was for maintaining a gaming table, and specifically for the use of punchboards and tipboards at the club.

Magistrate Baron informed the license holders that they were entitled to a jury trial but that, since the charge was a misdemeanor, they might receive a hearing in Trial Magistrate's Court if they wished to waive a jury trial.

All entered pleas of guilty after waiving their right to a jury trial. Assistant State's Attorney Donald W. Mason prosecuted the case on evidence supplied by Edward R. Willison and Angus Turnbull, inspectors for the Board of Alcoholic Beverages License Commissioners.

Officials said Inspectors Willison and Turnbull went to the club yesterday afternoon to investigate a complaint.

During their search of the premises, they went to the back bar and found one large punchboard offering candy as a prize. 11 full tipboards, one partially used tipboard and eight stubs showing past winners. All of the boards called for merchandise prizes.

The inspectors presented their evidence to the state's attorney's office, where Mason secured a warrant from Magistrate Baron. Officials said the licensees reported the DAV chapter had a very small membership and small income. They said they had been making some needed repairs to the building and several weeks ago adopted this means of "making a few dollars."

Churches Plan For Communion

Celebration of instructed Eucharist will be held Sunday at Holy Cross Episcopal Church at 10 a. m. and St. Philip's Episcopal Church at 11 a. m.

Rev. Douglas Vair, curate of St. Clement's Church, Alexandria, Va., will assist the pastor of the two churches, Rev. William J. Cox.

An instructed Eucharist, sometimes called an interpreted Eucharist, is a celebration of Holy Communion, accompanied by a running commentary interspersed at convenient points.

Its purpose is to aid members of the congregation in their worship and to inform them about their worship to the end that all may participate more fully in the highest form of Christian worship.

Women's Civic Club Hears Talk On Statewide Anti-Litter Campaign

"A home, a community, or a school, is just as clean, and just as beautiful, as we the people choose to make it," John E. Clark, chairman of the governor's "Keep Maryland Beautiful" committee, told the Women's Civic Club yesterday afternoon.

Clark told his audience that the committee has launched

for use by motorists. Trash and refuse cans have been placed in parks and picnic areas and tons of trash which would have continued to litter the highways and parks have thus been collected and disposed of, he explained.

The speaker complimented the cooperation and interest of all Marylanders in the campaign. He

also praised the cooperation of the State Department of Forests and Parks, the State Police, the State Roads Commission and other groups in their efforts to help keep Maryland beautiful.

Assisted by Miss Phoebe Albert, executive secretary to the committee since February 1955,

Clark exhibited a number of color slides, showing scenic spots in eastern and southern Maryland.

Clark was introduced by Mrs. Ralph Isminger and the program was arranged by Mrs. G. Bates Chaires, chairman, and Mrs. William C. Walsh, co-chair-

man of the civic group. Guests at the meeting included Robert E. L. Putman, assistant district engineer from the State Roads Commission; Lt. W. Elwood O'Hara of the Maryland State Police; Robert C. Petersen, manager of the Cumberland Chamber of Commerce; and Mrs. Lucile Roeder, city commissioner.
